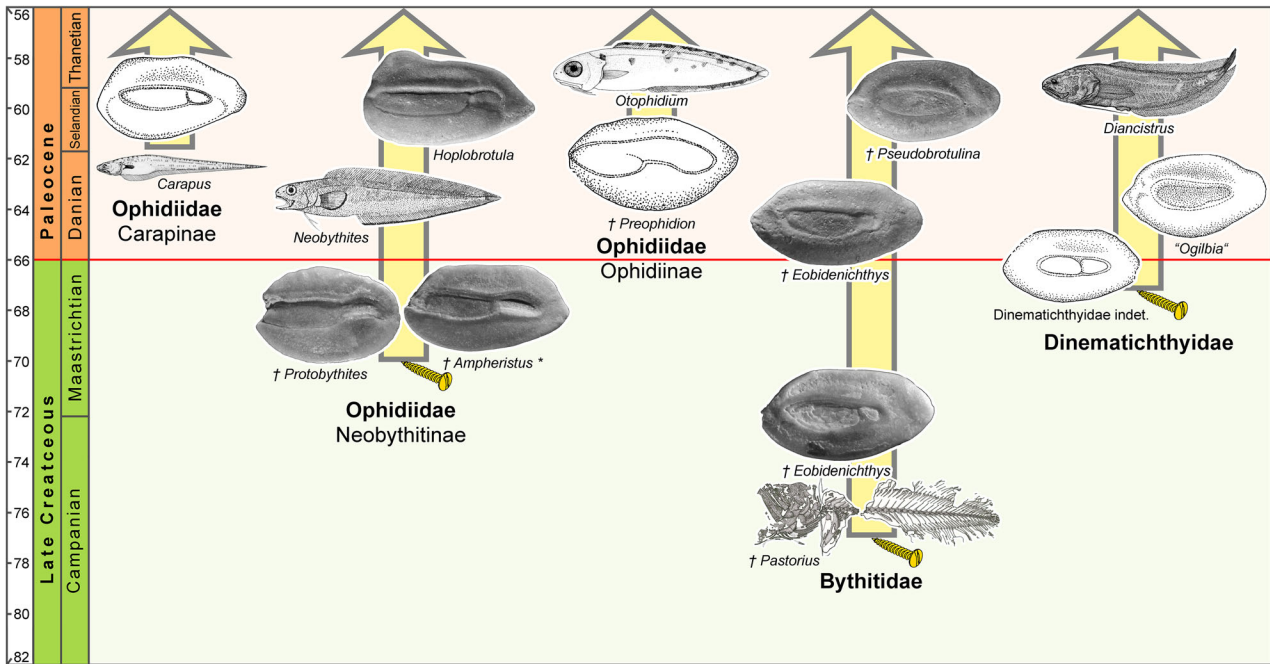

Figure 5. Stratigraphical ranges of ophidiiform lineages across the Late Cretaceous and Paleocene. Skeletal reconstruction is Carnevale & Johnson (2015); drawings of extant fishes are from Markle & Olney (1990), Nielsen (1995), Böhlke & Robins (1959) and Schwarzahns et al. (2005); otoliths are from Schwarzahns (2003) and Schwarzahns & Stringer (2020) and ongoing research.
