1	Tutur	1. diama State and Manager Delations in Commission to and		
1		duction: State and Non-state Relations in Governing toward		
		rbonization	1	
	1.1	Why Collaborative Climate Governance Matters		
		in a Global Context	5	
	1.2	Aim of the Book	7	
	1.3	Theoretical, Methodological, and Empirical Contributions	8	
	1.4	Key Terms and Concepts	10	
		Structure of the Book	12	
	Refe	rences	15	
2	The l	Interplay between the State and Non-state Actors in the Governar	nce	
-		ecarbonization: An Analytical Framework	18	
		Introduction	18	
	2.2		20	
		2.2.1 Distinguishing Transitions from Transformations 2.2.2 Carbon Lock-ins and Roadblocks to Decarbonization	21 22	
	2.2		22	
	2.3	Collaborative Climate Governance: Interactions between		
		the State and Non-state Actors	24	
		2.3.1 Regulation	26	
		2.3.2 Orchestration	27	
		2.3.3 Lobbying and Advocacy Strategies	28	
		2.3.4 Contestation	29	

	2.4	Evaluating Collaborative Climate Governance: Effectiveness,	
		Legitimacy, and Justice	30
		2.4.1 Effectiveness	31
		2.4.2 Legitimacy	32
		2.4.3 Justice	33
	2.5	Conclusion	34
	Refe	rences	35
3	Swed	len's Emissions and Climate Policy in an International Context	41
	3.1	Introduction	41
	3.2	Greenhouse Gas Emission Trends in Sweden	42
	3.3	Implications of the EU's Climate and Energy Policy for Sweden's	
		Decarbonization	46
		3.3.1 EU Climate Policy and the Role of Sweden	47
		3.3.2 The Interconnection of Sweden's Climate Policy with	
		the EU's Policy Instruments	49
	3.4	Sweden's Role in International Climate Collaboration and Clubs:	
		Beyond the EU	51
	3.5	2 ··· · · · · · · · · · · · · · · · · ·	54
		3.5.1 Performance and Leadership: Past Successes versus Future	
		Uncertainties	55
		3.5.2 Accounting: Production-versus Consumption-Based Emissions3.5.3 Reproducibility: Should Other Countries Emulate Sweden's	56
		Climate Policies?	57
	36	Conclusion	58
		rences	60
	Kere		00
4		ics and Governance of Sweden's Transformation toward	
		sil-Free Welfare State	63
		Introduction	63
		Ambitious Goals of Decarbonization versus Incremental Transition	65
		State-Led Transformations	68
	4.4	Governing Decarbonization in Sweden: Institutional, Economic,	
		Technological, and Behavioral Transformation	72
		4.4.1 Institutional Transformation	75
		4.4.2 Technological Transformation	77
		4.4.3 Economic Transformation4.4.4 Behavioral Transformation	80 82
	15		82
	4.5	Carbon Lock-Ins 4.5.1 Institutional Lock-In	85 85
		4.5.2 Technological Lock-In	88
		4.5.3 Behavioral Lock-In	90

	Contents		vii
		Conclusion	90
	Refer	ences	93
5	Climate Networks to the Rescue? Exploring Stakeholder Perceptions		
		Effectiveness of Collaborative Climate Governance	96
	5.1	Introduction	96
	5.2	Evaluating the Contributions of Climate Networks	98
		Swedish Climate Networks	100
		5.3.1 Overview of Climate Networks	100
		5.3.2 Expectations	102
	5.4	Methods	104
	5.5	How Climate Networks Are Perceived to Affect Sweden's	
		Decarbonization	105
		5.5.1 Main Driving Force of Decarbonization in Sweden	105
		5.5.2 Different Types of Governance Compared	106
		5.5.3 Motivations for Joining Climate Networks5.5.4 Impact of Climate Networks	107 108
		5.5.5 Recognition of Climate Networks	108
		5.5.6 Perceptions of Effectiveness	111
	5.6	Discussion and Conclusions	114
	Refer	ences	117
6	All Aboard? Inclusiveness in Collaborative Governance among		
		ish Municipalities	119
		Introduction	119
	6.2	How Municipalities Play a Role in Sweden's Transformation	
		toward a Fossil-Free Welfare State	120
		6.2.1 Climate Networks as Collaborative Governance	122 125
	62	6.2.2 Research Approach The Landscape of Municipal Emissions and Voluntary	123
	6.3		125
		Commitments in City Networks 6.3.1 Participation by Municipalities in City Networks	125
		6.3.2 Greenhouse Gas Emissions by Swedish Municipalities	120
	6.4	Swedish Municipalities' Climate Action and Its Implication	
		for Decarbonization	130
		6.4.1 The Patchy Landscape of Municipal Climate Action	130
		6.4.2 The Political Consequences of Unequal Contributions	133
	6.5	Conclusion: Advancing Action and Capturing Momentum	134
	Refer	ences	135
7	Zeroji	ng In on Cities: The Politics of Aspiration and Delay	
/		t-Zero Emission Targets of Swedish Municipalities	139
		-Zero Emission Targets of Swedish Municipanties	139
