Private Nurse.—Female: F. E. L'Amie.

The following is a list of the questions which appeared on the paper :

1. State the functions of the skin, and mention the chief disorders of these functions that occur in insanity.
2. What signs of disorder of the respiratory system would you consider of sufficient importance to mention to the doctor at his visit ?
3. What is meant by delusion ? What is a fixed delusion, and how does it differ from other delusions ?
4. Describe minutely how you would search a patient.
5. How would you promote and maintain the bodily health of a patient unable to take care of himself ?
6. What means would you adopt to keep a restless, excitable patient in bed ?
7. How should you act in regard to the delusions expressed by patients ?
8. Describe shortly the composition of the blood, and the uses of its different constituents.
9. In what conditions among the insane are homicidal acts most frequently shown ?
10. What rules should you follow in administering medicines to patients ?

EXAMINATION FOR NURSING CERTIFICATE.

The next examination will be held on Monday, November 5th, 1906, and candidates are requested to send in their applications, duly filled in, to the Registrar of the Association, not later than Monday, October 8th, 1906, as this will be the last day upon which, under the rules, applications for examination can be received.
