*A Database of Uncatalogued or Incompletely Catalogued Humanistic Manuscripts of the Renaissance in Italian and Other Libraries*

Compiled by Paul Oskar Kristeller  
Consultant Editor: Luciano Floridi

The Iter Italicum on CD-ROM, is an essential tool for any scholar working in the fields of classical, medieval and renaissance studies.

This CD-ROM is designed to finally give full and easy access to the Iter Italicum. It should be stated clearly that the digital version of the Iter Italicum is not an update of the existing work. The data on the CD-ROM are identical to the printed version, but any combination of data present in the printed version can now be found and examined with ease.

This digital version will enable scholars to make much better use of the material available. It was developed by E.J. Brill in conjunction with Dr. Luciano Floridi (Wolfson College, Oxford). The CD-ROM contains both Windows<sup>TM</sup> and MS-DOS<sup>TM</sup> programs for accessing the material. Both programs are supplied as stand-alone applications.

## NEW FROM CAMBRIDGE

### **Sexual Freedom in Restoration Literature**

*Warren Chernaik*

Sexual freedom and its political and philosophical implications are the themes of this study of seventeenth-century literature. The author explores the tensions inherent in the ideology of individual liberty in sexual relations inside and outside marriage in works by Rochester, Behn and their contemporaries. 46497-8 Hardback \$54.95

### **From Madrid to Purgatory**

The Art and Craft of Dying in Sixteenth-Century Spain

*Carlos M.N. Eire*

This book reveals the workings of a culture that cherished death, and invested its resources in the pursuit of heaven. This is the first full-length study of Spanish attitudes toward death and the afterlife in the peak years of the Counter-Reformation. It contains an analysis of the death rituals requested in hundreds of sixteenth-century Madrid testaments.

*Cambridge Studies in Early Modern History*

46018-2 Hardback \$49.95

### **Literature, Politics and National Identity**

Reformation to Renaissance

*Andrew Hadfield*

This book provides a fresh look at the literary history of the sixteenth century via a study of some major figures (Spenser, Skelton, Sidney) and some less-well-known works. It challenges some fundamentally accepted beliefs and scholarly conventions — that Western society can be neatly divided into pre-modern and modern history separated by the Renaissance; that literary history is best studied as an independent discipline. 44207-9 Hardback \$64.95

### **Confraternities and Civic Religion in Renaissance Bologna**

*Nicholas Terpstra*

The Renaissance is still often wrongly characterized as a period of religious in difference. Contradicting that viewpoint, this book examines confraternities: lay groups through which Italians of the Renaissance expressed their individual and collective religious beliefs. This book puts these religious activities into the turbulent social and political context of Renaissance Bologna.

### **Humanism and the Culture of Renaissance Europe**

*Charles G. Nauert*

This new textbook provides a synthesis of the major themes of the European Renaissance. Professor Nauert traces the origins of the humanist “movement” and its development in the social and political environments of the wider European context. He charts the key intellectual, social, educational, and philosophical concerns, using art and biographical sketches of key figures.

## THE IMAGE OF AMERICA IN MONTAIGNE, SPENSER, AND SHAKESPEARE RENAISSANCE ETHNOGRAPHY AND LITERARY REFLECTION WILLIAM M. HAMLIN

This book examines the works of three major Renaissance writers within the context of early modern ethnographic discourse. In a series of imaginative and detailed discussions, William M. Hamlin explores how Renaissance ideas of savagery and civility evolved during the 16th and early 17th centuries as a consequence, in part, of the fascinating and complex interaction between ethnographic reportage and literary representation.

## A DICTIONARY OF SHAKESPEARE'S SEXUAL PUNS AND THEIR SIGNIFICANCE SECOND EDITION EDITED BY FRANKIE RUBINSTEIN

"Rubinstein's work is both a valuable and controversial compendium of nearly all the sexual and scatological puns one could possibly infer from words used by Shakespeare. . . . It is the most comprehensive such dictionary."

— *Choice*

This dictionary examines previously unnoted puns on the erotic attitudes and practices of the heterosexual and homosexual, the sexual deviant, and the impotent in Shakespeare.

**The Darker Side  
of the Renaissance**  
*Literacy, Territoriality,  
and Colonization*

Explores the role of the book, the map, and other European paradigms of literacy in the conquest of the New World.

"A major contribution to colonial studies that not only challenges, implicitly, the traditional academic boundaries known as Spanish Golden Age and Spanish-American colonial literature, but also has wide implications for colonial studies in other disciplines."

*The Mythic Origins  
of European Otherness*  
*Translated by Carl T. Berrisford*

"[Bartra presents a] clear-sighted thesis regarding the nature and place of wildness in Western civilization, that this wildness is mythic, and as such has profoundly shaped rational and scientific discourses such as Western-formed historiography and ethnography." —Michael Taussig

JOHN O'BRIEN  
**Anacreon Redivivus**

*A Study of Anacreontic  
Translation in France 1554-56*

In 1554 the scholar and printer Henri Estienne published what he believed to be the odes of the ancient Greek poet Anacreon. Known today as the Anacreonta, these odes were pseudonymous publications. John O'Brien provides the first detailed study of the translations of the Anacreonta in the French Renaissance. A volume in the series *Recentiores: Later Latin Texts and Contexts*.

## CAMBRIDGE PRESENTS...

### **Literature and Culture in Early Modern London**

*Lawrence Manley*

Early Modern London was a place of transformation, becoming a major metropolis and a European trading centre. Manley provides a comprehensive account of the changing image and influence of London in lyrics, ballads, jests, epics, satires, plays, chronicles, treatises, sermons, and official documents. He also shows how the literature and culture of London contributed to the new structures of capitalism, and a paradoxical liberation of the individual through the city's concentrated power.

46161-8 Hardback \$59.95

### **The Early Pianoforte**

*Stewart Pollens*

This is the first comprehensive historical and technological study of the pianoforte based on primary source material. It begins with the earliest fifteenth- and sixteenth-century manuscript sources and then focuses on the "invention" of the piano by Bartolomeo Cristofori in Florence in 1700, the early exportation of Florentine pianofortes, and the building of copies in Portugal, Spain and Germany. The text is illustrated with many photographs, measurements, line drawings and tables.

41729-5 Hardback about \$79.95

### **Jan Van Eyck's Arnolfini Portrait**

Stories of an Icon

*Linda Seidel*

This explanation of one of the earliest and most celebrated paintings in the history of European art informs the viewer of the function and nature of early European paintings. The famous double portrait is considered as a social record, legal document, material object and poetic fiction.

48487-1 Paperback \$19.95

### **Shakespeare and the Geography of Difference**

*John Gillies*

*"John Gillies's idea of 'poetic geography' — a kind of historicized phenomenology of space — is compelling; it enables him to take what might otherwise appear to be unrelated fragments — maps, the metaphors used in the titles and prefaces of Renaissance atlases, isolated turns of phrase in Shakespeare and other literary texts — and construct a resonant account of a whole, complex mental universe."* — *Stephen Greenblatt*

45853-6 Paperback \$18.95

### **Music in the German Renaissance**

Sources, Styles and Contexts

*John Kmetz, Editor*

These essays demonstrate the important role played by German speakers in the development of instrumental music in the Renaissance, in setting patterns of musical patronage, and in developing commercial music printing. The volume provides an overview of German polyphonic music in the age of Gutenberg, Dürer and Luther, and documents the changing social status of music in Germany during a crucial epoch of its history.

## **The Coming of the King James Gospels**

**Ward S. Allen and Edward C. Jacobs**

*The Coming of the King James Gospels* is a primary publication exploring the handwritten annotations made by the Oxford New Testament Company as members completed Matthew, Mark, Luke, and John. A resource for all students of the Bible and the English language, this collation allows a reader to study three texts simultaneously: the original Bishops' Bible, the revisions suggested for the 1602 text, and the final King James version of the Gospels.
