

# PALEOCOMMUNITY TEMPORAL DYNAMICS: THE LONG-TERM DEVELOPMENT OF MULTISPECIES ASSEMBLIES

Edited by

William Miller, III

Consisting mostly of papers presented  
at the Paleontological Society Symposium,  
*Paleocommunity Temporal Dynamics*, held August, 1988,  
at the Society of Economic Paleontologists and Mineralogists,  
Midyear Meeting at Columbus, Ohio

THE PALEONTOLOGICAL SOCIETY  
SPECIAL PUBLICATION NO. 5  
1990

Randall S. Spencer  
Series Editor

Published at the Department of Geological Sciences, The University of Tennessee, Knoxville, TN 37996-1410

Paleontological Society Special Publication 5

ISBN 0-931377-05-4

UTK Publication RO1-1040-57-001-90

The University of Tennessee, Knoxville, does not discriminate on the basis of race, sex, color, religion, national origin, age, handicap or veteran status in provision of educational opportunities or employment benefits.

UTK does not discriminate on the basis of sex or handicap in the educational programs and activities which it operates, pursuant to requirements of Title IX of the Educational Amendments of 1972, Public Law 92-318; and section 504 of the Rehabilitation Act of 1973, Public Law 93-112; respectively. This policy extends both to employment and admission to the University.

Inquiries concerning Title IX and Section 504 should be directed to the Director of Affirmative Action; 403-B Andy Holt Tower; The University of Tennessee, Knoxville, Tennessee 37996-0144; (615) 974-2498. Charges of violation of the above policy should be directed to the Office of the Director of Affirmative Action.

## CONTENTS

Introduction.....	i
William Miller, III	
Long-Term Development of Biological Communities .....	1
Robert E. Ricklefs	
Levels of Spatial Variability: The "Community" Problem .....	13
D.A. Springer and A.I. Miller	
Hierarchy, Individuality and Paleoecosystems.....	31
William Miller, III	
Community Evolution: Its Evolutionary and Biostratigraphic Significance.....	48
A.J. Boucot	
Brachiopod Faunal Replacement Across the Ordovician- Silurian Extinction Event in Missouri.....	71
L.J. Stanton, P.M. Sheehan, and P.J. Lespérance	
The Relationship Between Global Diversification and Spatio-Temporal Transitions in Paleozoic Bivalvia ..	85
Arnold I. Miller	
Observations on the Evolution and Classification of Dysaerobic Communities .....	99
Paul B. Wignall	
Stability of Recent Unionid (Mollusca: Bivalvia) Communities Over the Past 6000 Years.....	112
Arthur E. Bogan	
A Review of Evolutionary Trends in Carbonate Hardground Communities .....	137
Mark A. Wilson and Timothy J. Palmer	
Depth and Extent of Early Paleozoic Bioturbation.....	153
Mary L. Droser and David J. Bottjer	
Assessing Change in Biogenic Structures is Essential for Understanding Long-Term Community Development .....	166
Charles W. Byers and Molly F. Miller	
A Temporal Hierarchy of Paleoecologic Processes Within a Middle Devonian Epeiric Sea.....	178
Carlton E. Brett, Keith B. Miller, and Gordon C. Baird	

Soft-Bottom Paleocommunity Dynamics in the Cenomanian-Turonian Boundary Extinction Interval of the Western Interior, United States.....	210
William P. Elder	
Significance of Hierarchical Structure and Scale in Stratigraphy and Paleoecology: An Example From the Pliocene of North Carolina.....	236
Richard H. Bailey	
Community Replacement Pathways: What Do Fossil Sequences Reveal About Marine Ecosystem Transitions? .....	262
William Miller, III	
Hierarchical Genetic Stratigraphy and Marine Paleoecology.....	273
Harold B. Rollins, Ronald R. West and Richard M. Busch	
Phanerozoic Evolution of Macroinvertebrate Shell Accumulations: Preliminary Data from the Jurassic of Britain .....	309
Susan M. Kidwell	
Description of a Quantitative Approach to Taphonomy and Taphofacies Analysis: All Dead Things Are Not Created Equal.....	328
David J. Davies, George M. Staff, W. Russell Callender, and Eric N. Powell	
Taphonomy and an Intertidal Palimpsest Surface: Implications for the Fossil Record .....	351
R.R. West, H.B. Rollins, and Richard M. Busch	
Taphonomic Signature and the Imprint of Taphonomic History: Discriminating Between Taphofacies of the Inner Continental Shelf and a Microtidal Inlet .....	370
George M. Staff and Eric N. Powell	
Biological Taphonomy and Gastropod Temporal Dynamics.....	391
Sally E. Walker
