

Booklist: Upcoming Publications in the Political Science Discipline

This section lists upcoming book publications across the broad field of political science. This list is fully reader-generated. If your first-edition book is scheduled for publication in the three months before publication of the next issue of *PS* (i.e., if it will be published in the December, January, February, or March months that lay between publication of *PS*'s January and April issues), enter the details of publication in the box found at *PS*'s web site: www.apsanet.org/section_223.cfm. We hope that spreading word of upcoming work will help keep our members even more attune to new scholarship within the discipline. The Booklist is appearing in the Association News section due to spacing problems unique to this issue. It will return to the journal's People in Political Science section in subsequent issues.
