VOLUME 3 ISSUE 1

Editorial

D. Eddy, A. M. Duxbury

1

Original Articles

Teaching, learning and assessment of undergraduate radiography students: a strategy to develop progression towards competency

3

J. Chianese, B. Channon

Preventing treatment errors in radiotherapy by identifying and evaluating near misses and actual incidents

13

O. Holmberg, B. McClean

The significance of cell survival parameters for the use of equivalent uniform dose in tumour dose evaluation

27

W. Kilby

Evaluation of the user-friendliness and dosimetric accuracy of treatment planning systems for 3-dimensional conformal radiotherapy

33

V. W. C. Wu, K. Y. Cheung, L. Lee, S. Y. Ting, J. Leung, A. W. L. Mui, M. Y. Y. Law

Use of QA forms to register procedural errors in a radiotherapy department in an attempt to improve the overall process: a pilot study

43

J. Verstraete, D. P. Huyskens

Book Review

Principles and Practice of Brachytherapy: Using Afterloading Systems

51

VOLUME 3 ISSUE 2

Editorial

A. M. Duxbury, D. Eddy

53

Original Articles

Use of functional Magnetic Resonance Imaging in the treatment planning of Intensity Modulated Radiotherapy

55

R. Garcia-Alvarez, G. P. Liney, A. W. Beavis

Clinical implementation of intensity modulated radiotherapy: initial experiences

63

H. A. McNair, J. Selous-Hodges, D. Convery, V. Cosgrove, J. Balycky, D. P. Dearnaley, C. Nuttings

Review of surface dose detectors in radiotherapy

69

E. O'Shea, P. McCavana

Is it only a matter of time until the Conventional Treatment Simulator becomes obsolete? Critical evaluation of the CT-simulator <i>K. A. Bichan</i>	77
Lay influence on service provision: impact of a Royal College Patient Liaison Group on radiotherapy departments <i>G. Rees</i>	85
Literature Review	
Towards an evidence-based portal imaging protocol for prostate cancer. A critical review of the literature <i>G. Dale</i>	91
Case Study	
Radiation induced liver disease: is hereditary haemochromatosis a risk factor? <i>R. M. Laurie, M. W.T. Chao, C. A. Dow</i>	101
Technical Note	
Design of a graticule indicating central axis position for use with portal imaging <i>K. Cooke, L. Askeu, D. Howson, S. Collins</i>	105
Conference Announcement	
Radiotherapy in Practice, September 2003	109
 VOLUME 3 ISSUE 3	
Editorial	
<i>A. M. Duxbury, D. Eddy</i>	111
Original Articles	
Radiotherapy waiting times, resources and protocols for breast carcinoma: a survey of UK radiotherapy centres <i>H. Probst, M. Holmes, D. Dodwell</i>	113
Absolute radiation dose verification using magnetic resonance imaging: feasibility study <i>G. P. Liney, A. Heathcote, A. Jenner, L. W. Turnbull, A. W. Beavis</i>	123
Towards continuing education and professional development: drivers for change in therapy radiography <i>M. Spalding</i>	131
Mind the gap: a national audit of radiotherapy prescription conformance and traceability <i>A. Smith</i>	139
Achieving waiting time targets: at what cost? <i>P. Bridge, D. Jenkinson</i>	147
Abstracts: Radiotherapy in Practice Conference, Sheffield, September 2003	
Book Review	163

VOLUME 3 ISSUE 4

Editorial	165
<i>A. M. Duxbury, D. Eddy</i>	
Original Articles	
How was it for you? Men, prostate cancer and radiotherapy	167
<i>J. Owens, S. Kelsey, A. White</i>	
Provision of IMRT in the UK. Part 1: A review of planning, delivery and related technologies	175
<i>C. R. Baker, V. Hardy</i>	
Provision of IMRT in the UK. Part 2: Current levels, planned expansion and obstacles to implementation	181
<i>C. R. Baker, V. Hardy</i>	
Systematic in vivo dosimetry for quality assurance using diodes. Part 1: Experiences and results of the implementation of entrance dose measurements	185
<i>R. Appleyard, K. Ball, F. E. Hughes, W. Kilby, S. Lassen, R. Nicholls, V. Rabett, J. Sage, M. Smith, E. Thomson</i>	
Role of stereotactic radiosurgery in the management of single or multiple cerebral metastases	197
<i>K. Hickey</i>	
Pilot study investigating efficacy of acupuncture wristbands for reduction of radiotherapy-induced nausea	205
<i>P. Bridge, P. R. Chakraborti, G. Thomas, L. Filkins, A. J. Fleet</i>	
Towards conformal radiotherapy: An audit of technique accuracy	213
<i>S. Stanley</i>	
Author Index	223
