

Volume 20, Supplement 3

1st Yale New Haven International Congress on Disaster Medicine and Emergency Management

Author and Subject Index

AUTHOR INDEX

A

Albanese J, s156–s157
Anderson M, s161–s162
Arnold JL, s156–s157

B

Bafor A, s160
Baud FJ, s157–s158
Baum C, s156–s157, s170
Berg D, s162
Biviano M, s158
Blitz W, s168–s169
Borron SW, s157–s158
Boukobza M, s157–s158
Bratberg J, s158–s159, s161
Briñas-Freire MJ, s165–s166

C

Casteel R, s159
Cordy C, s161

D

Dainiak N, s156–s157
Deady K, s158–s159
Dembry LM, s156–s157
Dent C, s159–s160
Drake D, s159–s160
Duley M, s158

E

Ehikhamenor EE, s160, s164
Eyerman J, s160–s161

F

Feldman H, s161–s162
Feret B, s158, s161
Fidler P, s156–s157
Foggie J, s156–s157
Fontana R, s168–s169
Forte E, s156
Freeman R, s162

G

Gang HS, s167
Gecewicz T, s168–s169
Giebelhaus E, s162
Gillespie C, s161–s162
Guerrier G, s157

H

Hines J, s163
Hodge JG, s158

J

Jalbert E, s170–s171
Jung SK, s167

K

Kachur E, s161–s162
Kalet A, s161–s162
Kee S, s162
Kelley K, s156
Kendall M, s162
Kim CS, s167
Kim KS, s167
Kleindenst R, s170
Kogut S, s158, s161
Kristies V, s156
Kwak YH, s167
Kwon WY, s167

L

Laveneziana J, s170
Lee E, s162
Lee J, s164–s165
Lipkin M, s161–s162
Low G, s158, s161

M

Margolis A, s169
McCull G, s163
McCormack E, s164–s165
Melbourne M, s163–s164
Mihalakos A, s158, s161
Mola J, s163

N

Nemeth L, s163

O

O'Brien N, s163–s164
Ogbegor O, s164
Okparavero E, s164
Olanipekun AO, s160
Omer A, s158

P

Pacheco-Rodriguez A, s165–s166
Park JO, s167
Parry MF, s164–s165
Parwani V, s156–s157
Paturas J, s156–s157, s170
Pelazza J, s170
Pérez-Belleboni A, s165–s166
Powsner S, s156–s157
Pracger J, s162

R

Reich K, s169
Russi M, s156–s157

S

Sandville J, s162
Schmincke P, s170–s171
Scollin R, s168
Serrano-Moraza A, s165
Shin SD, s167
Silenas R, s166
Simeone M, s158
Sorrano-Moraza A, s166
Suh GJ, s167
Sulemana H, s167–s168

T

Tepping M, s170–s171
Trala S, s168
Triola M, s161–s162

V

Vinci LF, s168–s169

W

Wiley JF, s169–s170
Winn C, s170–s171
Winters J, s170

Y

Yedida M, s162

Z

Zabar S, s161–s162

SUBJECT INDEX

26 December 2004, s167

A

active learning, s158
advanced life support, s159–s160
advocacy, s169
agencies, public health, s166
alcohol, allyl, s159
allyl alcohol, s159
areas, problem, s159
assessment tool, s162
attitudes, s159–s160

B

barriers, s166
biosimetry, s156
specimen processing, s156
bioterrorism, s158–s159, s161
bombing, s165

C

California, s163–s164
capacity, surge, s158–s159
care, medical, s167
casualties, mass, s159

center,
command, s170–s171
community clinic and health (CCHC), s163–s164
community health, s162
Regional Medical Operations (RMOC), s166
chemical spill, s159
clinic, s158
dispensing, s158–s159
coalition, s159
collaboration, s170
collection, data, s166
command and control, s159
command center, s170–s171
communications, risk, s162
community, s163–s164
clinic and health centers (CCHC), s163–s164
health center, s162
partnerships, s163
Connecticut, s156, s158, s163–s164, s168–s169
continuing education, s158
coordinated incident management system (CIMS), s163
crashes, road traffic, s164

cyanide, s157–s160
exposure, s159–s160
poisoning, s157, s157–s158

D

damage, health, s164
data collection, s166
decontamination, s159
demography, s167
department, emergency, s156–s157, s159, s168–s169
development, s158
disaster, s156–s159, s164, s167–s168
education, s161
management, s167–s168
medical assistance team (DMAT), s167
dispensing clinic, s158–s159
diverse, s163–s164
drills, s167

E

education, s156–s159, s162, s167–s168
continuing, s158
disaster, s161

emergency, s158–s159, s166, s170
department, s156–s157, s159, s168–s169
management, s163, s170–s171
management plan, s158–s159
medical services, s159, s165, s168
pediatric, s170
Preparedness Matrix, s162
preparedness, s170
readiness, s168–s169
response, s165, s168–s169
response system, s169
environment, s164
estimation tool, s159
exercise, s163
tabletop, s158–s159
explosions, s164
exposure, cyanide, s159–s160

F

funding, s166, s169

G

Ghana, s164

- H**
 hazardous materials, s159
 health
 care, s159
 damage, s164
 personnel, s158
 public, s158–s159, s168–s169
 healthcare workers, s163
 hospital, s158–s159, s159, s166, s170–s171
 emergency incident
 command system (HEICS), s156–s157, s170–s171
 emergency operations plan, s169
- I**
 Idaho, s159
 incidence, s164
 incident
 action plan (IAP), s163
 command system, s159, s163
 mass-casualty, s159, s166
 medical assistance team, s168
 influenza vaccine, s165
 infrastructure, s168–s169
 inhalation, smoke, s157–s158
- K**
 knowledge, s159–s160
- L**
 laboratory, s156
 leadership, s158, s162, s169
 learning, active, s158
 legislation, s169
- M**
 Madrid, s165
 management, s159
 disaster, s167–s168
 emergency, s163, s170–s171
 media, s162
- mass casualties, s159
 incident (MCI), s159, s166
 mass destruction, weapons of (WMD), s170
 materials, hazardous, s159
 Matrix, Emergency Preparedness, s162
 media, s162
 management, s162
 medical care, s167
 meetings, s163
 mixed venous oxygen saturation, s157
- N**
 Nebraska, s169
 needs, s159
 Nigeria, s159, s164
 nurses, s167–s168
- O**
 online training tools, s161
 Organization of the Petroleum Exporting Countries (OPEC), s164
 oxygen utilization, s157
- P**
 partnerships, community, s163
 patients, standardized, s161
 pediatric, s169–s170
 emergencies, s170
 performance, s167
 personnel, health, s158
 petroleum, s164
 pharmacist, s161
 consulting team, s161
 physician, s168
 plan,
 emergency management, s158–s159
 hospital emergency operations, s169
 incident action (IAP), s163
- planning, s166, s170
 poisoning, cyanide, s157–s158
 practices, s159–s160
 prehospital, s159–s160, s165
 preparedness, s156–s157, s161–s166, s169–s171
 emergency, s170
 priorities, s168–s169
 problem areas, s159
 processing, biodosimetry specimen, s156
 program, vaccination, s165
 public health, s158–s159, s168–s169
 agencies, s166
- R**
 readiness, emergency, s168–s169
 Regional Medical Operations Center (RMOC), s166
 response, s159
 emergency, s165, s168–s169
 Rhode Island, s161
 risk, s162
 communications, s162
 road traffic crashes, s164
- S**
 saturation, mixed venous oxygen, s157
 services, emergency medical, s159, s165, s168
 simulation, s158, s167–s168
 smoke inhalation, s157–s158
 spill, chemical, s159
 Sri Lanka, s167
 staffing, s165
 stakeholders, s166
 standardized patients, s161
 support, advanced life, s159–s160
 surge capacity, s158–s159
 survey, s169
- system,
 coordinated incident management (CIMS), s163
 emergency response, s169
 hospital emergency incident command (HEICS), s156–s157, s170–s171
 incident command, s159, s163
- T**
 tabletop exercise, s158–s159
 team, s163
 disaster medical assistance (DMAT), s167
 incident medical assistance, s168
 pharmacist consulting, s161
 terrorism, s168–s169
 times, s167
 tool,
 assessment, s162
 estimation, s159
 online training, s161
 toolkit, s170
 training, s161, s163, s167–s168
 translations, s167
 triage, s167
 tsunami, s167
- U**
 United States, s158
 utilization, oxygen, s157
- V**
 vaccination program, s165
 vaccine, influenza, s165
- W**
 weapons of mass destruction (WMD), s170
 workers, healthcare, s163
 workshops, s161–s162
