LUNACY AND PAUPERISM.

At a recent Poor Law Conference in Glasgow, Dr. Yellowlees read a highly interesting paper on the above theme. He urged that every county or district should have two types of asylums for its pauper insane; one a hospital, fully equipped with the best means of treatment, and receiving all new cases, the size not exceeding 300. Another building, erected at half the cost, should be devoted to chronic cases only, and should receive no patients except from the cure-asylum.
