#### ANNOUNCING TRAVEL GRANTS FOR INFORMATION PROCESSING SCIENTISTS AND COMPUTER SPECIALISTS

Travel grants will be made to a number of qualified university people active in the field of information processing for attendance at IFIP Congress 71 to be held in Ljubljana, Yugoslavia, August 23–28, 1971. These triennial congresses and exhibitions, sponsored by the International Federation for Information Processing (IFIP), have become the major international media for exchange of information among developers and users of information processing techniques and technology.

Selection of the grantees will be made by a panel appointed by the Committee on Travel Grants, Division of Mathematical Sciences, National Research Council. This panel will select grantees from the U.S. whose accomplishments in and potential contributions to the information sciences are most noteworthy regardless of the formal labels for their specialties.

Younger members of the academic community are encouraged to apply. Special efforts will be made to support their attendance, and they will have the opportunity to supplement their applications by submitting additional information.

Applications may be obtained from the Division of Mathematical Sciences, National Research Council, 2101 Constitution Avenue, N.W., Washington, D.C. 20418.

Applications must be received on or before December 31, 1970.
