

THE FIFTEENTH INTERNATIONAL CONFERENCE ON  
COMPUTABILITY AND COMPLEXITY IN ANALYSIS (CCA 2018)

CO-SPONSORED BY THE ASSOCIATION FOR SYMBOLIC LOGIC

**Lake Kochel, Germany**

**August 5–8, 2018**

The Fifteenth International Conference on Computability and Complexity in Analysis (CCA 2018) was held in honor of Klaus Weihrauch's 75th birthday at Lake Kochel, Germany on August 5–8, 2018. Generous financial support was provided by the German Research Foundation (DFG), and the meeting was co-sponsored by the Association for Symbolic Logic.

The Program Committee of CCA 2018 consisted of L. Bienvenu, H. Diener, D. Hirschfeldt, R. Hölzl, Z. Iljazović, T. Kihara, E. Mayordomo, N. Müller, N. Zhong, and M. Ziegler (Chair). The Organizing Committee consisted of V. Brattka (Chair), P. Hertling, R. Hölzl, and P. Janicki.

A total of eight invited lectures were presented at the meeting by P. Collins (Maastricht, Netherlands), D. Graça (Faro, Portugal), R. Hölzl (Munich, Germany), N. Lutz (Philadelphia, USA), L. Patey (Lyon, France), D. Poças (Hamilton, Canada and Munich, Germany), M. Schröder (Darmstadt, Germany), and F. Steinberg (INRIA, France). In addition, a total of 24 contributed talks were delivered at the meeting.

CCA 2018 attracted 40 registered participants, from 11 different countries. Further information can be found at the website <http://cca-net.de/cca2018/>.

For the Organizing Committee
