Volume 12, 2009 ISSN: 1368-9800

Twelve issues per year

## Aims and Scope

To provide an international peer-reviewed forum for the publication and dissemination of research and scholarship aimed at understanding the causes of, and approaches and solutions to, nutrition-related public health achievements, situations and problems around the world.

*Public Health Nutrition* publishes original and commissioned articles, commentaries and discussion papers for debate. *Public Health Nutrition* is interested in papers that:

- identify causation relevant at a population level
- develop and test new methods and approaches
- share experience about the development, implementation, and evaluation of programmes of work aimed at improving health
- describe, discuss and debate food and nutrition policy
- debate and propose new models and approaches to improving food and nutrition-related public health, particularly in those populations most at risk and vulnerable
- discuss work-force development and educational issues

*Public Health Nutrition* is interested in research and scholarship that takes a population and preventive approach; and welcomes ideas and suggestions for topics for debate, as well as open contributions for peer review. *Public Health Nutrition* publishes special issues.
