

## ERRATUM

Dear *Radiocarbon* subscribers:

In Volume 55, Number 4 of *Radiocarbon* in the article by Nicolas Durand, et al., “Comparison of  $^{14}\text{C}$  and U-Th Ages in Corals from IODP #310 Cores Offshore Tahiti,” Figures 4 through 11 on pages 1956–1966 were to have appeared in color. Due to a production error the color was eliminated and the charts instead printed black and white. We sincerely regret the error and any problems that have resulted for the authors and subscribers.

Sincerely,

Joe Christensen, Inc.
