### The photocathodic behavior of hierarchical ZnO/hematite hetero nanoarchitectures – ERRATUM

Debajeet K. Bora

doi: 10.1557/jmr.2016.107, Published by Materials Research Society with Cambridge University Press, 7 April 2016.

“The photocathodic behavior of hierarchical ZnO/hematite hetero nanoarchitectures” was incorrectly published as a Review rather than an Article. The original has since been corrected, and the editors and publisher regret this error.
