

Mining for the Nation
The Politics of Chile's Coal Communities from the Popular Front to the Cold War

Jody Pavilack

"The research in *Mining for the Nation* is highly original. It fills a gap in Chilean labor and mining history, both in English and in Spanish. The book offers a reinterpretation of the Popular Front experience in Chile and the first serious book-length political history of the coal region and the role of the Communist Party there from the 1930s to 1952. Additionally, it serves as a very readable history of the complex connections among local, regional, national, and international politics in 1930s–1950s Chile." —Brian Loveman,

San Diego State University

376 pages | \$84.95 cloth

Do the Poor Count?
Democratic Institutions and Accountability in a Context of Poverty

Michelle M. Taylor-Robinson

"Taylor-Robinson offers a rich institutional account, suggesting that a combination of institutions (electoral, nominations, and clientelistic) leads elected officials to respond differently to their privileged and poor constituencies. . . . Overall, this is an impressive book, which fruitfully applies the theoretical tools of rational-choice institutionalism to one of the most important problems of contemporary Latin American politics."

—Kathryn Hochstetler, Balsillie School of International Affairs, University of Waterloo

248 pages | \$69.95 cloth

Made in Mexico
Regions, Nation, and the State in the Rise of Mexican Industrialism, 1920s–1940s

Susan M. Gauss

"Bucking the culturalist trend of much recent Mexican historiography, Gauss gives us an ambitious and cogent analysis of the postrevolutionary political economy, combining a perceptive national overview with illuminating regional case studies, the whole based on extensive original research, lucidly deployed. Among the best recent monographs on modern Mexico, the book sheds light on national politics, state-building, foreign relations, and the role of the PRI, business, and organized labor in forging the new Mexico of the postwar era." —Alan Knight,

University of Oxford

304 pages | \$64.95 cloth

AFTER MOCTEZUMA

Indigenous Politics and Self-Government in Mexico City, 1524–1730

By William F. Connell

\$45.00 HARDCOVER · 352 PAGES

The Spanish invasion of Mexico in 1519 left the capital city, Tenochtitlan, in ruins. Conquistador Hernán Cortés, following the city's surrender in 1521, established a governing body to organize its reconstruction. Cortés was careful to appoint native people to govern who had held positions of authority before his arrival, establishing a pattern that endured for centuries. William F. Connell's *After Moctezuma: Indigenous Politics and Self-Government in Mexico City, 1524–1730* reveals how native self-government in former Tenochtitlan evolved over time as the city and its population changed.

NATURE AND SPIRIT

Ancient Costa Rican Treasures in the Mayer Collection at the Denver Art Museum

By Margaret Young-Sánchez

\$49.95 HARDCOVER · 192 PAGES · 110 COLOR ILLUS.

Assembled almost entirely by Frederick and Jan Mayer, The Denver Art Museum's collection of ancient Costa Rican art is one of the finest and most comprehensive in the world, and it is a major component of the museum's acclaimed holdings in New World art. *Nature and Spirit* reveals to the modern world the richness and sophistication of indigenous thought and the incredible beauty of native art in the Americas.

THE TENOCHCA EMPIRE OF ANCIENT MEXICO

The Triple Alliance of Tenochtitlan, Tetzcoco, and Tlacopan

By Pedro Carrasco

\$39.95 PAPERBACK · 554 PAGES · 33 MAPS, 40 TABLES

The most important political entity in pre-Spanish Mesoamerica was the Tenochca Empire, founded in 1428 when the three kingdoms of Tenochtitlan, Tetzcoco, and Tlacopan formed an alliance that controlled the Basin of Mexico and other extensive areas of Mesoamerica. In *The Tenochca Empire of Ancient Mexico*, Pedro Carrasco incorporates years of research in the archives of Mexico and Spain and compares primary sources from all three of the great kingdoms.
