Zeolites 521, 653

Zeolites in Pyroclastic Deposits in Southeastern Tenerife (Canary Islands), by J. E. Garcia Hernandez, J. S. Notario del Pino, M. M. Gonzalez Martin, F. Hernan Reguera, and J. A. Rodriguez Losada 521

Zeolitization 521

Zhao, Dongyuan (with Guojia Wang, Yahu Yang, Xiexian Guo, Qibin Wang, and Jiyao Ren), Preparation and Characterization of Hydroxy-FeAl Pillared Clays 317

ERRATUM

“An Experimentally Derived Kinetic Model for Smectite-to-Illite Conversion and its Use as a Geothermometer,” written by Wu-Liang Huang, John M. Longo, and David R. Pevear and appearing in *Clays & Clay Minerals* 41, pp. 162–177, contains a typographical error.

P. 162, line 8: “A = frequency factor = 8.08×10^{-4} ” should read “A = frequency factor = 8.08×10^4 ”.
