The *American Journal of Psychiatry* is now on the Web! The *Journal's* home page features this month's table of contents, abstracts for every article, and full text of editorials, images in neuroscience, and images in psychiatry. Also featured is next month's table of contents, back issue abstracts, subscription information, and information for authors. You can access the *Journal's* home page at <http://www.appi.org/ajp>.

SEP 11 REC'D

New Brief Pulse ECT with *Computer-Assisted* Easy Seizure Monitoring

Somatics Thymatron™ DGx

- Automatically monitors your choice of EEG-EEG, EEG-ECG, or EEG-EMG and determines EEG and motor seizure lengths.
- Computer-measured seizure quality, including postictal EEG suppression, seizure energy index.
- Up to 8 seconds stimulus duration; pulsewidth as short as 0.5 ms.
- Single dial sets stimulus charge by age; high-dose option available.
- FlexDial™ adjusts pulsewidth and frequency without altering dose.
