“Living with radiotherapy”: the experiences of women with breast cancer 17
J. Johnson

Interprofessional work in cancer care: towards team work through interprofessional education 27
M. Hammick, H. Robertshaw

Radiotherapy Technique
The effect of implementing ICRU 50 in breast radiotherapy technique: the significance of inhomogeneities and off axis ratios 35
N. Cornelius

Essays in Ethics
Part 1: An introduction to health care ethics 39
G. E. Smith

VOLUME 1 ISSUE 2

Editorial 43
A. Duxbury, D. Eddy

Guest Editorial
Shortage of therapy radiographers: local problem or UK crisis? 45
M. Abraham, M. Jackson, J. Johnson

Reviews
Issues surrounding the use of helical CT for the imaging and planning of lung tumours 51
A. Eddy

CPD and portfolios: the process and product 57
K. Cooke

Original Articles

Radiotherapy dose and fractionation regimens prescribed for Non-Hodgkin's Lymphoma
(a local study) 65
W. Young, C. Meredith

A survey of in vivo diode dosimetry in the UK 73
R. Appleyard

Strategies to reduce clinical file server downtime 83
D. J. B. Jackson

Spatial ability assessment: an aid to student selection for therapy radiography training 89
L. Waywell, J. Bogg

Essays in Ethics

Part 2: Patients' rights 97
G. E. Smith

VOLUME 1 ISSUE 3

Editorial 101
A. Duxbury, D. Eddy

Original Articles
