In January 2012, the *Journal* published a list of authored books and edited volumes that have been published during the first 25 years of its existence on the subject of ecclesiastical law, generously defined (see (2012) 14 Ecc LJ 149). Inevitably, a few were omitted, and we apologise for that oversight. Equally inevitably, in the intervening months a few more have been added to the bookshelves. This supplementary list, when read together with the original, seeks to provide a definitive overview of published scholarship in the subject matter covered by the *Journal* at this significant time in its history.
