CHRISTIANITY IN ROMAN AFRICA

the development of its practices and beliefs

"This is an astonishing compendium integrating history, theology, and material culture. It is really unprecedented. The theology illuminates the art, and the art in turn illuminates the theology — and both make the history come alive, almost right before the reader's eyes. A truly amazing achievement!"

— JOHN C. CAVADINI

"Especially valuable for its treatment of archeological and material-culture remains, *Christianity in Roman Africa* provides a valuable resource for recent scholarship on this important center of early Christianity."

— ELIZABETH A. CLARK

"A fascinating and very readable contribution to the understanding of Christian North African culture as found in texts (both pastoral and polemical), liturgical artifacts, architecture, iconography, and epigraphy. . . . Provides sweeping yet keenly perceptive and balanced overviews."

— ALLAN FITZGERALD
