Editorial

Cancer diagnosis and anosmia recovery in the pandemic update, cholesteatoma diagnosis, otosclerosis in pregnancy, and no renaissance of maxillary sinus irrigation: *EW Fisher, J Fishman* 189

Review Articles

Does pregnancy have an influence on otosclerosis?: *C Fabbris, G Molteni, N Tommasi, D Marchioni* 191

A systematic review of facial plastic surgery simulation training models: *MA Mohd Slim, R Hurley, M Lechner, TD Milner, S Okhovat* 197

Main Articles

Magnetic resonance non-echo planar diffusion-weighted imaging accuracy in detecting cholesteatoma in comparison with clinical and surgical findings: *N Al Zuhir, I Zammit-Maempel, P Yates, J Dixon* 208

The evaluation of facial nerve canal diameter in patients with ipsilateral recurrent idiopathic peripheral facial paralysis: *O Yagiz, Y Pekcevik, Y Arslan, IB Arslan, I Cukurova* 215

Analysis of pathogens and antimicrobial treatment in different groups of patients with chronic otitis media: *W Kaźmierczak, J Janiak-Kiszka, A Budzyńska, M Nowaczewska, H Kaźmierczak, E Gospodarek-Komkowska* 219

Total annulus excision tympanoplasty – a solution to recurrent myringitis: double blind randomised trial: *N Verma, P Singhal, KPS Prabhu, R Sehra, R Yadav, BS Aeron, S Munjal, A Hussain, S Agarwal, MP Sharma* 223

Direct maxillary irrigation therapy in non-operated chronic sinusitis: a prospective randomised controlled trial: *O Ronen, T Marshak, N Uri, M Gruber, O Haberfeld, D Paz, N Stein, R Cohen-Kerem* 229

Delayed recovery from severe acute respiratory syndrome coronavirus-2 related anosmia predicts incomplete olfactory restoration: *IJ Fernandez, G Molinari, G Federici, M Silvestri, E De Corso, L Presutti, M Alicandri-Ciufelli, D Lucidi* 237

The prevalence of human papillomavirus in paediatric tonsils in Southwestern Ontario: *M Wojtera, JW Barrett, JE Strychowsky, A Dzioba, J Paradis, M Husein, MI Salvadori, AC Nichols* 243

The impact of coronavirus disease 2019 on suspected head and neck cancer two-week-wait referrals: *N Bhamra, B Gorman, W Arnold, A Rajah, K Jolly, H Nieto, J Fussey, L Liew* 248

Bilobed flap reconstruction for skin defects after parotid carcinoma surgery: *DH Lee, EK Jung, JK Lee, SC Lim* 252

Electrochemotherapy for the palliative management of non-skin-origin head and neck cancer: case series and UK national survey: *C McCaffer, BYW Wong, CS Murugan, T Muir, S Lester* 256

Short Communications

Live-streaming otolaryngology surgical procedures for virtual medical student rotations: *HP Shah, V Narwani, YH Lee* 261

Barrier enclosure in tracheostomy: a protective box for healthcare workers during the coronavirus disease 2019 pandemic: *NP Nair, V Sharma, A Dixit, S Goyal, SG Dixit, A Goyal, S Misra* 265

Clinical Records

Ossicular chain reconstruction using costal cartilage in malleoincudal osteoma: *F Piazza, A Frisina* 268

Sensorineural hearing loss following lumbar puncture, spinal anaesthesia or epidural anaesthesia: a case series and literature review: *M Alwan, G Hurtado* 271

A novel approach to managing circumferential entrapment of a child's tongue within a plastic lid: *A Selwyn, CV Praveen, R De Silva, F Rehman* 279
