

shedding the authority and mystique with which we envelop it. This he does himself; the result is a series of valuable observations and one main conclusion, which we may not necessarily agree with (but this is not the point), that the psychotherapist 'in the last analysis (can) rely on little more than his

personal resources'. The book should be read by anyone with an interest in psychotherapy.

SIDNEY BLOCH, *University Lecturer and Honorary Consultant Psychiatrist, Department of Psychiatry, University of Oxford*

Books Received
