

Graduate Students and Scholars Funded

To increase graduate student participation in the Annual Meeting, the association awarded Graduate Student Travel Grants for the 2017 Annual Meeting in San Francisco, California. The travel grants subsidize the cost of travelling to the meeting, and candidates are

awarded the grants after applying during the summer months. Every year, Cambridge University Press provides a generous sponsorship to the program as well. APSA was glad to welcome the following graduate students and scholars to the 2017 Annual Meeting:
