

## Readers' Credits for Volumes 40–41

No journal could survive without the contributions of the many scholars who devote their time and expertise to reviewing articles for the journal. *Studies in Second Language Acquisition* has been fortunate to have many who have been willing to undertake this important service and, as Editor, I am grateful to each and every one. Their comments have been perceptive and they have contributed significantly to the high quality of articles that have appeared in the journal. Those listed below have reviewed at least one, and in many cases, more than one article over the past two years (2018 and 2019) and I want to express my thanks to them for having taken the time to review articles and to make recommendations that have helped me make ultimate decisions. In addition to the reviewers, special thanks go to Editorial Board members who are called upon for a variety of issues during the year. *SSLA* has four Associate Editors (Luke Plonsky, Senior Associate Editor, Kimberly Geeslin, Greg Keating, Andrea Révész) who oversee many of the reviews. Their hard work and expertise are greatly appreciated. Finally, the journal would not be what it is without the support of two outstanding editorial assistants: Lizz Huntley and Hima Rawal. A big thank you to everyone.
