

THEOPHRASTUS DE VENTIS

The Greek Text with Translation, Introduction and Commentary by Victor Coutant and Val L. Eichenlaub

In this new edition and translation it is clear that Theophrastus made a number of significant contributions to meteorological thought and to the understanding of climate and weather.

THE SAGA OF TRISTRAM AND ISOND

Translated by Paul Schach

"Schach's new translation of *Tristrams saga ok Isondar* has the distinction not only of being the first complete translation to appear for nearly a hundred years but also of being the first complete rendering of the Old Norse text into English. It is thus a valuable addition to the materials available for the study of the Tristram legend." — *Orbis Littarium*
