

INDEX TO VOL. LXXX.

The General Index covers original articles, reviews and the epitome, and includes subjects dealt with as well as the title of articles.

The following names are printed in SMALL CAPITALS: authors of original articles and of books reviewed. Names of authorities referred to in the text are in ordinary type.

(R.) indicates a *Review*; the title of the book reviewed is followed by the author's name, thus: "Psycho-analysis and its Derivatives, by H. Crichton-Miller (R.)."

(E.) indicates the *Epitome* section; the title of the abstract is followed by the author's name, thus: "Age and human ability. Miles, W. R. (E.)."

Obituary notices and references appear under the heading "Obituaries".

The names of authors referred to in the Epitome section are listed in Part II.

PART I.—GENERAL INDEX.

- Absinth, action on pial vessels (E.), 130
 Absorption from the intestine: influence of nerve stimulation on; the humoral theory of nervous action. Gellhorn, E., and Northup, D. (E.), 454
 ,, Influence of acetyl choline on absorption of glucose. Gellhorn, E., and Northup, D. (E.), 132
 Abstraction in a monkey, preliminary experiment on. Robinson, E. W. (E.), 144
 Acetyl choline, action in the body, 77
 ,, ,, and inhibition, 210
 ,, ,, and sympathin, 727
 ,, ,, in epilepsy, 526
 ,, ,, influence on absorption of glucose (E.), 132
 ,, choline-like substance: appearance of, in the coronary venous blood of warm-blooded animals, upon stimulation of the vagus nerve. Geldberg, W., and Krayner, O. (E.), 455
 ,, ,, ,, in the portal blood of cats. Donomal, I. (E.), 727
 Acidosis produced by barbituric acid and urethane (E.), 747
 Adjustment and Mastery, by R. S. Woodworth (R.), 578
 Adrenaline, action on pial vessels (E.), 130
 ,, and cholesterol, 77
 ,, and choline, 79
 ,, and insulin: effect of central nervous system on (E.), 608
 ,, mechanism of nervous discharge of. Felberg, W., Minz, B., and Tsudzimura, H. (E.), 582
 Adrenin-secreting mechanism, notes on behaviour of cats deprived of. Shirley, M. (E.), 581
 Aggression, instinct of: its connections with the sex instinct. Simonnet, H. (E.), 586
 Agitation in melancholia (Lewis), 304
 Agnosia (E.), 448
 Aids to Neurology, by E. A. Blake-Pritchard (R.), 562
 Akinesia, hereditary, painful paroxysmal. Koulikov, A. E. (E.), 596
 Albuminuria, toxic, in psychoses associated with childbirth, 44, 45
 Alcohol and Anæsthesia, by W. Burridge (R.), 563
 Alcoholic insanity, cranial nerve palsies as a manifestation of peripheral neuritis in, by Ruby O. Stern, 103-110
 ,, pseudo-paresis treated by pyrifer, 524
 Alcoholism (sterilization report), 416

LXXX.
