Franz Kafka

Cover image

Reprinted from *Journal of Affective Disorders*, vol. 66, Mervaala E, Könönen M, Föhr J, et al, SPECT and neuropsychological performance in severe depression treated with ECT, pp. 47–58, Copyright (2001), with permission from Elsevier. We thank Professor Esa Mervaala for providing a copy of the image. Allan Scott (pp. 15–22) discusses how modern brain imaging techniques have elucidated our understanding of the mode of action of ECT.
