

ERRATUM

Maladaptation and global indeterminacy – Erratum

Angelo Antoci, Luca Gori, Mauro Sodini, and Elisa Ticci

<https://doi.org/10.1017/S1355770X19000251>, Published by Cambridge University Press, 14 August 2019

Keywords: adaptation; defensive expenditures; environmental damage; indeterminacy; mitigation; erratum

When originally published, the article claimed, erroneously, that ‘ $\gamma = 0.9$ ’ on the label of figure 5a. The label should in fact read ‘ $\gamma = 0.9$ ’. A footnote has been added to the article in question reflecting this correction.

The error was made by the publisher during the production process, for which we apologise.
