Trouble in the University: How the Education of Health Care Professionals Became Corrupted
Mildred A. Schwartz
Brill

From the Publisher: In *Trouble in the University*, Mildred A. Schwartz analyzes how changes in US higher education affecting the health care professions and in the relations between universities and the state have created conditions that can give rise to corruption. Citing University of Medicine and Dentistry of New Jersey, Schwartz discusses how the connections between changing conditions and organizational structures can lead to illegal and unethical behavior. Because that university's experiences were not unique, they can be used to demonstrate how higher education has become vulnerable to corruption. Identification of the structural and cultural sources of corruption also suggests possible ways it could be avoided.

Mildred A. Schwartz, PhD (1965), Columbia University, is Professor Emerita of Sociology at the University of Illinois at Chicago, Visiting Scholar at New York University. A political sociologist.

Lincoln Gordon: Architect of Cold War Foreign Policy
Bruce L. R. Smith
University Press of Kentucky

From the Publisher: In this impressive biography, Bruce L. R. Smith examines Lincoln Gordon's substantial contributions to US mobilization during the Second World War, Europe's postwar economic recovery, the security framework for the North Atlantic Treaty Organization (NATO), and US policy in Latin America. He also highlights the vital efforts of the advisors

who helped Gordon plan NATO's force expansion and implement America's dominant foreign policy favoring free trade, free markets, and free political institutions.

Bruce L. R. Smith is a retired professor of political science at Columbia University and a Brookings Scholar. He is currently affiliated with the School of Public Policy at George Mason University.
