

CORRIGENDUM

Screening strategies to identify new chemical diversity for drug development to treat kinetoplastid infections – CORRIGENDUM

ROB DON *and* JEAN-ROBERT IOSET

doi:10.1017/S003118201300142, published online by Cambridge University Press, 28 August 2013.

In the recently published paper by Don and Ioset, the authors would like to amend 2 incorrect figures found on the fifth page in the last complete paragraph.

AstraZeneca (2·5 million) and Bayer Pharma AG (1·4 million)

Should read

AstraZeneca (1·4 million) and Bayer Pharma AG (2·5 million)
