

International Business Acquisitions

Major Legal Issues and Due Diligence Second Edition

Edited by

Michael Whalley, *Minter Ellison, London, UK*

Franz-Jörg Semler, *CMS Hasche Sigle Eschenlohr Peltzer, Stuttgart, Germany*

This handbook is intended as an easily accessible desk reference for lawyers, business executives and others concerned with the acquisition of the securities or business assets of a company located outside their own national jurisdiction. The second edition has been fully revised and expanded to cover a total of 30 jurisdictions, including the European Union. Leading corporate lawyers from each country examine in detail 33 major legal issues likely to arise in a cross-border acquisition of shares or assets.

The issues are addressed in a common format for each jurisdiction and often complex legal issues are summarised to facilitate straightforward comparisons.
