
Books Received

- Human Cytogenetics Database*. Compiled by Albert Schingel. Electronic Publishing, Oxford University Press. 1994. Two 3.5" diskettes and manual. Price £395.00. ISBN 0 19 2682 67.
- Breast Cancer: Cancer Surveys Volume 18*. Edited by E. Sidebottom. Cold Spring Harbor Laboratory Press. 1993. 239 pages. Cloth. Price \$69.00. ISBN 0 87969 394 0.
- Methods to Assess DNA Damage and Repair: Interspecies Comparisons*. Edited by Robert G. Tardiff, Paul H. M. Lohman and Gerald N. Wogan. John Wiley and Sons. 1994. 257 pages. Price £45. ISBN 0 471 94256 1.
- Germline Development. CIBA Foundation Symposium 182*. Edited by Joan Marsh and Jamie Goode. John Wiley and Sons. 1994. 294 pages. Price £47.50. ISBN 0 471 94264 2.
- Protocols for Gene Analysis – Methods in Molecular Biology 31*. Edited by Adrian J. Harwood. The Humana Press Inc. 1994. 411 pages. Price \$59.50. ISBN 0 89603 258 2.
- Physician to the Gene Pool – Genetic Lessons and Other Stories*. By James V. Neel. John Wiley and Sons. 1994. 457 pages. Hardback. £18.95. ISBN 0 471 30844 7.
- The Biology of Heat Shock Proteins and Molecular Chaperones. Monograph 26*. Edited by Richard I. Morimoto, Alfred Tissieres, Costa Georgopoulos. Cold Spring Harbor Laboratory Press. 1994. 610 pages. Cloth. Price \$97.00. ISBN 0 87969 427 0.
- An Introduction to Genetic Engineering*. By Desmond S. T. Nicholl. Cambridge University Press. 1994. 168 pages. Hardback £22.95 (\$39.95). Paperback £9.95 (\$16.95). ISBN 0 521 43054 2 (Hardback). ISBN 0 521 43634 6 (Paperback).
- Evolution in Age-Structured Populations, Second Edition. Cambridge Studies in Mathematical Biology*. By Brian Charlesworth. Cambridge University Press. 1994. 306 pages. Price £19.95, \$29.95. ISBN 0 521 45967 2.
- The Cambridge Encyclopedia of Human Evolution*. Edited by Steve Jones, Robert Martin and David Pilbeam. Cambridge University Press. 1994. 506 pages. Paperback. Price £24.95. ISBN 0 521 46786 1.
- DNA and Chromosomes – Cold Spring Harbor Symposia on Quantitative Biology Volume LVIII*. Cold Spring Harbor Laboratory Press. 1994. 861 pages. Cloth \$210.00. Paperback \$95.00. ISBN 0 87969 065 8 (Cloth). ISBN 0 87969 066 6 (Paperback).
- Longevity, Senescence and the Genome*. By Caleb E. Finch. The University of Chicago Press. 1994. 922 pages. Paperback. £35.95, \$51.75. ISBN 0 226 24889 5.
