

THEATRE RESEARCH INTERNATIONAL

Edited by Claude Schumacher, Glasgow University

Theatre Research International publishes original articles on world theatre. Its focus is broad, highlighting such areas as theory and practice in the history of theatre, performance theory and analysis, theatre aesthetics, and new developments in theatre research.

The journal carries reviews of the most important studies in the field. It provides both a medium of communication for scholars, and a service to students of art, architecture and design, music and drama literature.

The Theater of the Bauhaus

edited by Walter Gropius
and Arthur S. Wensinger
translated by Arthur S. Wensinger

"One of the most significant books on aesthetics in this century."
—*Dramatics*

Originally published in Germany in 1924, *The Theater of the Bauhaus* collects writings from some of the movement's most important figures, including Walter Gropius, Laszlo Moholy-Nagy, and Oskar Schlemmer. They describe a theater stripped of history, moralism, scenery, even narrative itself.

"The book's typography, layout, and illustrations, accurately reproduced from the 1924 original, are often as startling and bizarre as the thoughts and ideas expressed in Schlemmer and Moholy-Nagy's text, lucidly translated by Arthur S. Wensinger."
—*Architectural Forum*

Ecologies of Theater

Bonnie Marranca

"Bonnie Marranca's work is one of the best kept secrets of American letters. With her concept of theater ecology, she has articulated a whole new landscape: that of the most exciting work of our time, Foreman, Fornes, Wilson, and Mabou Mines. An indispensable book."—Mac Wellman

"A true ecology of imagination and social issue. Marranca weaves deep and unexpected affiliations to let us clearly grasp the connected shapings of our culture."—Carolee Schneemann

£37.00 hardcover

Amorous Nightmares of Delay

Selected Plays

Frank O'Hara

This volume brings together twenty-four of O'Hara's plays, from one act dramas to brief "eclogues." While several were produced in New York and Cambridge, Massachusetts, most are intended as poetic works cast in dramatic form. An introduction by O'Hara's longtime friend Joe LeSueur places the works in the context of New York's extraordinary art and literary scene of the 1950s and early 1960s.
