

## PREFACE

THE present volume follows the general lines established in the earlier volumes of these Transactions.

The lists of members at the end of the volume have been prepared by Prof. J. H. Oort, the new General Secretary of the Union. Prof. H. Chrétien has kindly assisted in preparing the French text of the resolutions adopted by the General Assembly. Mr A. R. Hinks, Secretary of the Royal Geographical Society, has helped me to secure a uniform spelling of the names of places. I have departed from this only in the cases of translation from a non-Roman alphabet; here I have attempted to keep the form in general use in the language of the passage in which the name occurs. In addition to those already named I wish to thank the secretaries of the commissions for the reports of the meetings in Paris. The Cambridge University Press has as ever helped me freely and saved me from many slips and inconsistencies. I owe them thanks for much help in the last ten years.

It only remains to express my gratitude to my colleagues during my years of office and to wish for my successor the uniform kindness on every hand that I have met with during my term of office.

F. J. M. STRATTON,  
*General Secretary.*
