THE EDINBURGH MATHEMATICAL SOCIETY

The Edinburgh Mathematical Society was instituted in 1883 for "the promotion and extension of Mathematical Science, Pure and Applied".

Members may subscribe to the *Proceedings* at a reduced rate. Further information about membership can be obtained from the Secretary.

The Society's address is

> The Edinburgh Mathematical Society
> James Clerk Maxwell Building
> The King's Buildings
> Edinburgh EH9 3JZ

Submission of papers

Papers to be considered for publication (2 copies) should be sent to the appropriate Subject Editor, or to the Secretary. The style and arrangement should conform to current practice in the *Proceedings*. Each manuscript should contain a short abstract of not more than 200 words and also a primary classification number from the American Mathematical Society's 1990 Mathematics Subject Classification Scheme. Authors are encouraged to use TeX typesetting software to prepare their papers. The LaTeX macro package is especially recommended, and a class file, together with a brief guide is available from the Society's Website. Once an article has reached its final form and is accepted for publication, authors will be asked to supply the appropriate electronic file. This should be a single file, with any relevant macros included in the preamble, and named after the article number (as assigned by the Society, e.g. ems0431.tex).

Figures in PostScript form are also welcome, and should be submitted at the same time as the TeX file for the paper.

One proof is supplied, which should be corrected and returned promptly. Excessive corrections may be charged to authors. Fifty free offprints will be supplied if ordered on a form returned with the proof.

Addresses of editors

C. M. Campbell
Mathematical Institute
University of St Andrews
North Haugh
St Andrews KY16 9SS

C. Maclachlan
Department of Mathematical Sciences
University of Aberdeen
King's College
Aberdeen AB24 3UE

R. W. K. Odoni
