

## Erratum

Brosnan, J.T., G.K. Breeden, P.E. McCullough, and G.M. Henry. 2012. Pre- and postemergence control of annual bluegrass (*Poa annua*) with indaziflam. *Weed Technology*. 26:48–53.

In study 3, all herbicides were applied using CO<sub>2</sub>-powered back sprayers. The sentence “Prodiamine treatments were applied using a shaker-jar,” is not correct and should be deleted. The authors regret this error and would like to thank Dr. Dean Mosdell for bringing it to their attention.
