

Monitoring Democracy

When International Election Observation Works, and Why It Often Fails

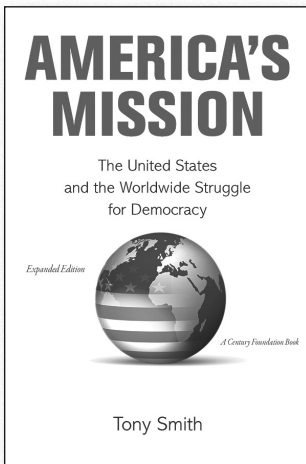

Judith G. Kelley

“Judith Kelley has written not only the definitive book on election monitoring for scholars and practitioners, but also an important new work on the modern practice of democracy itself. Her persuasive and carefully conducted analysis of election monitoring reveals its positive effects as well as its ambiguities and shortcomings. Election monitoring organizations should make *Monitoring Democracy* required reading for all their staff.”

—Kathryn Sikkink, University of Minnesota

America's Mission

The United States and the Worldwide Struggle for Democracy
Expanded Edition

Tony Smith

“[Smith’s] account of the 20th century is just about as close to unputdownable as it gets in the genre of political history, and ends up advocating what seems to be an appropriate level of optimism for what remains, after all, a terrifying and chaotic world.”

—*Washington Post*

“This work, formidable in scope and scholarship, is a rousing defense of liberal Wilsonian internationalism.”

—David C. Hendrickson, *Foreign Affairs*
