THE SIXTEENTH INTERNATIONAL CONFERENCE ON COMPUTABILITY AND COMPLEXITY IN ANALYSIS (CCA 2019)

Zagreb, Croatia
July 8–11, 2019

The *Sixteenth International Conference on Computability and Complexity in Analysis* (CCA 2019) was held in Zagreb, Croatia, on July 8–11, 2019. Generous financial support was provided by the *Croatian Science Foundation* (HRZZ), and the meeting was cosponsored by the *Association for Symbolic Logic*.

The Scientific Program Committee of CCA 2019 consisted of V. Becher (Buenos Aires, Argentina), V. Brattka, chair (Munich, Germany), A. Kawamura, cochair (Fukuoka, Japan), N. Lutz (Pennsylvania, USA), A. Marcone (Udine, Italy), A. Nies (Auckland, New Zealand), P. Schuster (Verona, Italy), D. Spreen (Siegen, Germany), F. Steinberg (Saclay, France), and S. Terwijn (Nijmegen, the Netherlands). The Organizing Committee consisted of K. Burnik (Amsterdam, the Netherlands), M. Horvat (Zagreb, Croatia), Z. Iljazović, chair (Zagreb, Croatia), M. Kalinić (Split, Croatia), and B. Pažek (Zagreb, Croatia).

A total of seven invited lectures were presented at the meeting by H. Diener (Christchurch, New Zealand), J. Duparc (Lausanne, Switzerland), H. Férée (Kent, UK), G. Gherardi (Bologna, Italy), B. Kapron (Victoria, Canada), J. Ouaknine (Saarbrücken, Germany), and S. Selivanova (Daejeon, Republic of Korea and Novosibirsk, Russia). In addition, a total of 13 contributed talks were delivered at the meeting.

CCA 2019 attracted participants from 14 different countries. Further information can be found at the website: `http://cca-net.de/cca2019/`.
