

Animal Welfare

Volume 21 Supplement 2

June 2012

Proceedings of the HSA Centenary
International Symposium

'Recent Advances in the Welfare of Livestock at Slaughter'

Historic Dockyard, Portsmouth, UK, 2011

This issue presents 21 papers including:

Human-animal relationships at red meat abattoirs

Evidence for pain in decapod crustaceans

Practical improvements for animal welfare at slaughter

Captive-bolt as a killing method for sheep

Electrical stunning in ostriches

Improving the poultry shackle line

Poster abstracts

Editors: JK Kirkwood, C Mason, J Spence,
H Barker and S Weddell

Supplementary Issue 2

Animal Welfare

ISSN 0962–7286

Volume 21 Supplement 2

June 2012

Contents

Papers

- A review of the humaneness of puntilla as a slaughter method 3
G Limon, J Guitian and NG Gregory
- Advances in the electrical stunning and bleeding of ostriches 9
LC Hoffman
- Human-animal relationships at sheep and cattle abattoirs 15
GJ Coleman, M Rice and PH Hemsworth
- Evidence for pain in decapod crustaceans 23
RW Elwood
- Auditing animal welfare and making practical improvements in beef-, pork- and sheep-slaughter plants 29
T Grandin
- Preliminary evaluation of the effectiveness of captive-bolt guns as a killing method without exsanguination for horned and unhorned sheep 35
TJ Gibson, AL Ridler, CR Lamb, A Williams, S Giles and NG Gregory
- Stress at slaughter in cattle: role of reactivity profile and environmental factors 43
EMC Terlouw, C Bourguet and V Deiss
- Identifying reasons for stun failures in slaughterhouses for cattle and pigs: a field study 51
M von Wenzlawowicz, K von Holleben and E Eser
- Veterinary certificates for emergency or casualty slaughter bovine animals in the Republic of Ireland: are the welfare needs of certified animals adequately protected? 61
M Cullinane, E O'Sullivan, G Collins, DM Collins and SJ More
- Improving the poultry shackle line 69
JA Lines, P Berry, P Cook, CP Schfield and TG Knowles
- Assessment of unconsciousness during slaughter without stunning in lambs 75
P Rodriguez, A Velarde, A Dalmau and P Llonch

Papers

Complications during shechita and halal slaughter without stunning in cattle <i>NG Gregory, M von Wenzlawowicz, K von Holleben, HR Fielding, TJ Gibson, L Mirabito and R Kolesar</i>	81
Welfare during gathering and loading of deer bred for meat in Italy <i>D Quilichini and I Alpigiani</i>	87
WSPA and APRSI humane slaughter programme in China: STEPS® <i>J Zili and R Kolesar</i>	95
Captive-bolt euthanasia of cattle: determination of optimal-shot placement and evaluation of the Cash Special Euthanizer Kit® for euthanasia of cattle <i>JN Gilliam, JK Shearer, J Woods, J Hill, J Reynolds, JD Taylor, RJ Bahr, S Crochik and TA Snider</i>	99
Licensing poultry CO ₂ gas-stunning systems with regard to animal welfare: investigations under practical conditions <i>K von Holleben, M von Wenzlawowicz and E Eser</i>	103
Pain perception at slaughter <i>CB Johnson, TJ Gibson, KJ Stafford and DJ Mellor</i>	113
Aversion to the inhalation of nitrogen and carbon dioxide mixtures compared to high concentrations of carbon dioxide for stunning rabbits <i>P Llonch, P Rodriguez, A Velarde, V Abreu de Lima and A Dalmau</i>	123
The effect of stun duration and level of applied current on stun and meat quality of electrically stunned lambs under commercial conditions <i>C Berg, C Nordensten, J Hultgren and B Algers</i>	131
The use of a single empirical outcome measure to assess welfare in slaughter plants: between- and within-sector comparisons of the supply base for a major retail multiple <i>F Roberts, A Lucas and S Johnson</i>	139
Equivalency between EU and non-EU countries regarding animal welfare at slaughter <i>T Cassidy</i>	147
