

Bibliography of urban history 2011

GERVASE FRENCH

The present bibliography is a continuation of and a complement to those published in the *Urban History Yearbook* 1974–91 and *Urban History* from 1992. The arrangement and format closely follows that of previous years. The list of abbreviations identifies only those periodicals from which articles cited this year have been taken, though many other journals are also checked. There is an index of towns on p. x

I General

Research methods, aids and materials
Printed documentary sources
Maps and plans
Bibliographies
Archives – descriptions and examples
Guides to the literature and printed documentary sources
Urban history, definitions and aims
Historiography
Theory of urbanization
Empirical studies of urbanization
History, growth and fortunes of individual towns
Portraits of towns – literary, photographic and graphic
Literary portrayals and personal reminiscences
Graphic and photographic portrayals
General features of urban populations

II Population

Research methods, aids and materials
General features of urban populations
Natality and mortality
Disease
Medicine
Migration to, from and between towns
Family and household structure

III Physical structure

Research methods, aids and materials
Graphic and photographic portrayals

Physical and structural characteristics of towns

Physical and structural characteristics of areas within towns
Land ownership
Architecture
Housing

IV Social structure

Research methods, aids and materials
Disease
Social organization, clubs and societies
Class structure
Social life
Social life, customs and traditions
Religion
Recreation
Social problems and deviance
Social reform and improvement
Minority groups
Family life
Gender
Urban economic activity

V Economic activity

Research methods, aids and materials
Land ownership
Urban economic activity
Industry
External trade
Food supply
Retailing

Finance, banking and industry
Consumption
Earnings
Standard of living
Working conditions
Labour organization

VI Communications

Research methods, aids and materials
Graphic and photographic portrayals
Inter-urban communications
Intra-urban communications

**VII Politics and
administration**

Research methods, aids and materials
Archives – descriptions and examples
Aspects of urban administration

**VIII Shaping the urban
environment**

Research methods, aids and materials
Town planning (and environmental control)
Utopian planning and experiments
Housing improvement
Urban renewal

IX Urban culture

Research methods, aids and materials
Urban culture and entertainment
Forms of entertainment
Exchange of information
Education

X Attitudes towards cities

Attitudes towards cities
*Views of the city in literature, graphic and
dramatic art*
