## Bad Advice

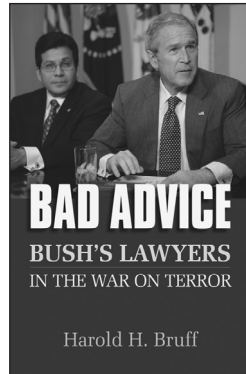

### Bush's Lawyers in the War on Terror

Harold H. Bruff

#### Winner of the Palmer Civil Liberties Prize

"A masterful and timely study. Bruff explains how and why top lawyers in the Bush administration decided to manipulate the law for political ends. He also provides thoughtful and seasoned advice on how to restore our constitutional government."—Louis Fisher, author of *The Constitution and 9/11*

400 pages, Cloth \$34.95

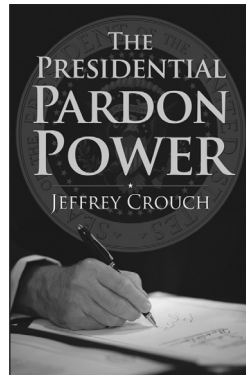

## The Presidential Pardon Power

Jeffrey Crouch

"In an era when the president's constitutional powers are ever more important, it is an anomaly that the pardon power has been so little analyzed. With clarity and insight, Crouch resolves that anomaly in this important new book. . . . A must-have for those who study the presidency and the Constitution."—Robert J. Spitzer, author of *Saving the Constitution from Lawyers*

224 pages, Cloth \$34.95

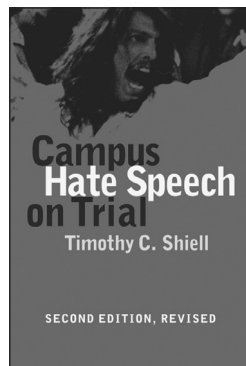

## Campus Hate Speech on Trial

### Second Edition, Revised

Timothy C. Shiell

"An accessible book that synthesizes the vast literature on this topic. . . . A model of clarity and fairness, it is an extremely valuable book for anyone interested in a balanced treatment of the background of campus speech codes, the experience under them, and the difficult issues they pose."—*Journal of American History*

256 pages, Cloth \$35.00, Paper \$16.95

## Before Earth Day

### The Origins of American Environmental Law, 1945–1970

Karl Boyd Brooks

“An enthusiastic, generous, inclusive, daring, and insightful exploration of that long-rumored beast described as ‘environmental law.’

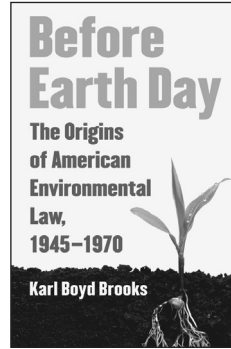

Beautifully written, carefully and lovingly researched, and wonderfully revealing.”

—William H. Rodgers, Jr., author of *Treatise on Environmental Law*

“Should be required reading in every environmental law class as an antidote to the belief that the subject began in 1969. It deftly demonstrates that all of the elements of environmental law evolved during the quarter century after the end of World War II.”

—Dale Goble, author of *Wildlife Law: A Primer*

288 pages, 19 illustrations, Cloth \$34.95

## Landmark Law Cases and American Society

Peter Charles Hoffer and N.E.H. Hull, series editors

## The Sodomy Cases

### *Bowers v. Hardwick* and *Lawrence v. Texas*

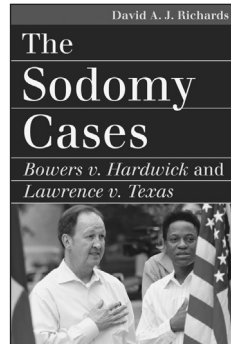

David A. J. Richards

“No Supreme Court decision has had greater impact on gay men and lesbians than *Lawrence*.

In this concise book, David Richards manages to explain not only *Lawrence* but also the longer history of jurisprudence on privacy and sexuality that led us there. Students of history, law, and many other fields will find this book invaluable.”

—John D’Emilio, coauthor of *Intimate Matters: A History of Sexuality in America*

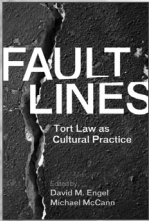

232 pages, 232 pages, Cloth \$35.00, Paper \$16.95

### **Fault Lines** *Tort Law as Cultural Practice*

Edited by DAVID M. ENGEL  
and MICHAEL MCCANN

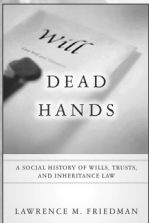

This pioneering collection examines tort law as a cultural phenomenon, drawing on the theories and methods of law, sociology, political science, and anthropology and comparative cases across the United States, Europe, and Asia.

“This breakthrough volume incorporates years of independent, original research from leading scholars. With clear, comparative examples, it reveals how changes in tort law practices relate to larger social changes.”

—Richard Abel,

UCLA School of Law

The Cultural Lives of Law

### **Dead Hands**

*A Social History of Wills,  
Trusts, and Inheritance Law*

LAWRENCE M. FRIEDMAN

The law of succession rests on a single brute fact: you can't take it with you. Friedman's enlightening social history of the law of succession reveals how inheritance reflects changes values and priorities in American families and society. “*Dead Hands* is important, and important to a surprisingly wide audience. It should be read by literally everyone interested in the policies that take effect after a person dies.”

—Gregory S. Alexander,  
Cornell University
