International Year of the Child

Consultations are proceeding in the United Nations with a view to the sponsorship of an International Year of the Child. It is anticipated that it will be celebrated in 1979, to coincide with the twentieth anniversary of the United Nations Declaration of the Rights of the Child.

Non-governmental agencies, including the International Council of Social Services, have been involved in the consultation and planning, and it is anticipated that firm decisions will be made towards the end of this year.

Secretary General Waldheim has presented a report to the Economic and Social Council on the ways in which the project can be supported and financed by the United Nations. Individuals and organizations are encouraged to express their interest and ideas to their own governments in an effort to urge them to vote for an I.Y.C. in the General Assembly.

Child and Family Welfare Council of Australia

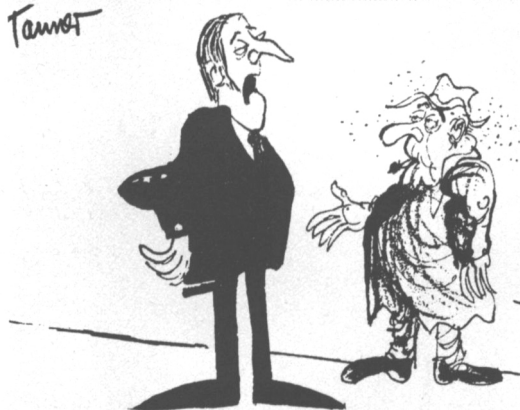

At the Annual Meeting of the Child and Family Welfare Council Mr. Lyn Reilly, Lecturer in Social Work at the University of Queensland, St. Lucia, was appointed Chairman.

The Council expressed concern at the serious falling away of research and evaluation going on into child and family welfare throughout Australia.

It is currently investigating the possibility of establishing a permanent national service that will be able then to develop research and information gathering resources for the benefit of member organizations and others involved in the field of child and family welfare.

The Council is also hoping that it will be able to establish a consultative service that will enable organizations in child and family welfare to evaluate and modify services in response to current trends in this field.

Information may be obtained from the Executive Secretary, Mr. Gordon Hardie, Child Care Secretariat, 103 Bathurst Street, Sydney, N.S.W. 3000. Telephone 61 6136.
