

- A** Vision for Change – The physical health of residents of long stay wards in Carlow/Kilkenny, 209
- Abuse** – Benzylpiperazine-induced acute delirium in a patient with schizophrenia and an incidental temporal meningioma, S14
- Admission notes** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Adolescents** – Big boys don't cry: male secondary school students' attitudes to depression, 61
- Adolescents** – Who attends outpatient adolescent mental health services?, 118
- Affect** – Caffeine and clinical change in a patient with schizophrenia on a long-stay ward, 42
- Alcohol misuse** – Prevalence of substance misuse co-morbidity in an Irish university training hospital, 201
- Allergy** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Allergy status** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Amnesia** – An unusual cause of autobiographical memory loss, 97
- Anger** – Developing a brief tool for anger assessment in clinical settings, 13
- Antidepressants** – Tardive dysphoria: antidepressant-induced chronic depression, 38
- Antidepressants** – Sexual dysfunction and antidepressants: a review with emphasis on treatment, 165
- Antidepressant adverse effect** – Tardive dysphoria: antidepressant-induced chronic depression, 38
- Antidepressants** – Long-term prospective mood self-rating and antidepressant treatment, 227
- Antidepressant augmentation** – Antidepressant augmentation and combination in unipolar depression: strong guidance, weak foundations, 236
- Anxiety** – Anxiety and depression among opiate users who misuse substances during treatment, 6
- Assessment of Recovery** – Recovery from mental illness: changing the focus of mental health services, 161
- Asylum** – Mental health and the asylum process, 57
- Attitudes** – ECT: An investigation of lay attitudes and experiences in an Irish sample, 32
- Attitudes** – Big boys don't cry: male secondary school students' attitudes to depression, 61
- Audit** – Epilepsy at a large psychiatric hospital: survey and audit of its management, 156
- Audit** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Autistic spectrum** – Diogenes syndrome and autistic spectrum disorder, 224
- Autobiographical memory loss** – An unusual cause of autobiographical memory loss, 97
- Autonomic** – Two psychiatric presentations linked with 'head shop' products, S8
- Benzylpiperazine** – Benzylpiperazine-induced acute delirium in a patient with schizophrenia and an incidental temporal meningioma, S14
- Bipolar affective disorder** – Hydrocephalus and bipolar affective disorder, 222
- Bipolar disorder** – Long-term prospective mood self-rating and antidepressant treatment, 227
- Body Mass Index** – Prevalence of obesity and metabolic syndrome in a long stay psychiatric unit, 205
- Caffeine** – Caffeine and clinical change in a patient with schizophrenia on a long-stay ward, 42
- Capacity** – Attitudes to prescribing ECT for patients involuntarily admitted under MHA 2001, 196
- Case law** – Informed consent in psychiatric practice: where does the law now stand?, 86
- Case notes** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Cathinone** – Two psychiatric presentations linked with 'head shop' products, S8
- Cathinones** – Users' experiences of cathinones sold in head shops and online, S4
- Cerebellar tumour** – First episode psychosis and an underlying cerebellar tumour, 229
- CGPNI report** – Northern Ireland: dealing with the past, 45
- Child and adolescent mental health services** – Who attends outpatient adolescent mental health services?, 118
- Chronic depression** – Tardive dysphoria: antidepressant-induced chronic depression, 38
- Cocaine** – Anxiety and depression among opiate users who misuse substances during treatment, 6
- Cognitive Function** – Lithium and prevention of cognitive impairment, 148
- Cognitive remediation therapy** – Cognitive remediation therapy for schizophrenia: what is it and does it work?, 217
- Cognitive stimulation therapy** – Efficacy of a cognitive stimulation therapy programme for people with dementia, 145
- Communication** – Communication between community mental health services and primary care, 134
- Community mental health services** – Communication between community mental health services and primary care, 134
- Co-morbidity psychiatry in-patient** – Prevalence of substance misuse co-morbidity in an Irish university training hospital, 201
- Consent** – Attitudes to prescribing ECT for patients involuntarily admitted under MHA 2001, 196
- Consultants** – A study of consultant psychiatrists response to patients suicide, 35
- Consumer participation** – Sharing control: user involvement in general practice based methadone maintenance, 129
- Convulsive therapy** – Dr Ada English: patriot and psychiatrist in early 20th century Ireland, 91
- Correlation** – Investigation of schema modes currently activated in patients with psychiatric disorders, 76
- Coronary artery disease** – Exhaustion, depression and hopelessness in cardiac patients: a unidimensional hierarchy of symptoms revealed by Mokken scaling, 29
- Counter-urbanisation** – Counter-urbanisation during Ireland's 'Celtic Tiger' period – mental health implications, 124
- Deinstitutionalisation** – time to move on to legislation?, 182
- Deliberate self-harm (DSH)** – Deliberate self-harm in children and adolescents: an 11-year case note study, 191
- Delirium** – Benzylpiperazine-induced acute delirium in a patient with schizophrenia and an incidental temporal meningioma, S14
- Delirium** – Relapse of postictal psychosis following 14-year symptom-free period, 171
- Delusions** – Two psychiatric presentations linked with 'head shop' products, S8
- Dementia** – Efficacy of a cognitive stimulation therapy programme for people with dementia, 145
- Dementia** – Lithium and prevention of cognitive impairment, 148
- Dementia care** – Dementia care in Ireland: what's the plan?, 112
- Depression** – Anxiety and depression among opiate users who misuse substances during treatment, 6
- Depression** – Exhaustion, depression and hopelessness in cardiac patients: a unidimensional hierarchy of symptoms revealed by Mokken scaling, 29
- Depression** – Big boys don't cry: male secondary school student's attitudes to depression, 61
- Diogenes syndrome** – Diogenes syndrome and autistic spectrum disorder, 224
- Doctors prescribing practice** – Prescription chart writing practices in an acute psychiatric unit, 82
- Documentation** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Drug-induced psychosis** – Whack induced psychosis: A case series, S11
- Dysfunctional mode** – Investigation of schema modes currently activated in patients with psychiatric disorders, 76
- ECT** – Attitudes to prescribing ECT for patients involuntarily admitted under MHA 2001, 196
- Electroconvulsive Therapy** – ECT: An investigation of lay attitudes and experiences in an Irish sample, 32
- Emergency department** – Meeting standards set for non self-harm presentations to emergency departments, 185
- Endocrine** – Hypogonadism in an opioid dependent man, 168
- Endocrinology** – Hypoprolactinaemic galactorrhoea in long-term methadone treatment, 100
- Enduring mental illness** – Mental health rehabilitation services in Ireland: vision and reality, 69
- Epilepsy** – Epilepsy at a large psychiatric hospital: survey and audit of its management, 156
- Epilepsy** – Relapse of postictal psychosis following 14-year symptom-free period, 171
- Eruptions** – Two psychiatric presentations linked with 'head shop' products, S8
- Evidence based practice** – Recovery from mental illness: changing the focus of mental health service, 161
- Fatigue** – Exhaustion, depression and hopelessness in cardiac patients: a unidimensional hierarchy of symptoms revealed by Mokken scaling, 29
- First episode psychosis** – First episode psychosis and an underlying cerebellar tumour, 229
- Flouritropacocaine** – Whack induced psychosis: A case series, S11
- Forensic psychiatry** – Therapeutic alliance in forensic mental health: coercion, consent and recovery, 21
- Galactorrhoea** – Hypoprolactinaemic galactorrhoea in long-term methadone treatment, 100
- Generic name prescribing** – Prescribing chart writing practices in an acute psychiatric unit, 82
- General Practice** – Sharing control: user involvement in general practice based methadone maintenance, 129
- Good practice guidelines** – Meeting standards set for non self-harm presentations to emergency departments, 185
- Gynaecomastia** – Hypogonadism in an opioid dependent man, 168
- Head shop** – Head shop drugs: they haven't gone away, S1
- Head shop** – Users' experiences of cathinones sold in head shops and online, S4
- Head shops** – Two psychiatric presentations linked with 'head shop' products, S8
- Head shops** – Whack induced psychosis: A case series, S11
- Head/Hemp shop** – Mephedrone and 'head/hemp' shop drugs: a clinical and biochemical 'heads up', S2
- Healthy Mode** – Investigation of schema modes currently activation in patients with psychiatric disorders, 76
- Hepatitis C** – One-year audit of an Irish specialist psycho-gastroenterology hepatitis C, 153
- History** – Dr Ada English: patriot and psychiatrist in early 20th century Ireland, 91
- HSE Transformation Programme** – The physical health of residents of long stay wards in Carlow/Kilkenny, 209
- Hydrocephalus** – Hydrocephalus and bipolar affective disorder, 222
- Hyperprolactinaemia** – Hypoprolactinaemic galactorrhoea in long-term methadone treatment, 100
- Hypogonadism** – Hypogonadism in an opioid dependent man, 168
- Hypoprolactinaemia** – Hypoprolactinaemic galactorrhoea in long-term methadone treatment, 100
- Immigrants** – Sociodemographic profile and mental health needs of referrals to an Irish psychiatric service: a transcultural perspective, 141
- Informed consent** – Informed consent in psychiatric practice: where does the law now stand?, 86
- Inpatients** – Epilepsy at a large psychiatric hospital: survey and audit of its management, 156
- Inpatient drug charts** – Prescribing chart writing practices in an acute psychiatric unit, 82
- Inpatient** – Audit of documentation of allergies in a psychiatric inpatient unit, 213
- Interictal psychosis** – Relapse of postictal psychosis following 14-year symptom-free period, 171
- Internal migration** – Counter-urbanisation during Ireland's 'Celtic Tiger' period – mental health implications, 124
- Ireland** – Northern Ireland: dealing with the past, 45
- Ireland** – Dementia care in Ireland: what's the plan?, 112

- Item response theory – Exhaustion, depression and hopelessness in cardiac patients: a unidimensional hierarchy of symptoms revealed by Mokken scaling, 29
- Legal highs – Whack induced psychosis: A case series, S11
- Legislation – Deinstitutionalisation – time to move on to legislation?, 182
- Lithium – Lithium and prevention of cognitive impairment, 148
- Lobe – Relapse of postictal psychosis following 14-year symptom-free period, 171
- Long stay – Prevalence of obesity and metabolic syndrome in a long stay psychiatric unit, 205
- Long stay residents – The physical health of residents of long stay wards in Carlow/Kilkenny, 209
- Long-term outcome – Long-term prospective mood self-rating and antidepressant treatment, 227
- Maculopapular – Two psychiatric presentations linked with 'head shop' products, S8
- Major Depressive Disorder – Tardive dysphoria: antidepressant-induced chronic depression, 38
- Medication chart – Audit of documentation of allergies in a psychiatric inpatient unit, 213
