Notice to contributors

The *Psychiatric Bulletin* publishes original scientific papers, brief review articles and opinion pieces dealing with treatment of mental disorders, administration, audit and management of psychiatric services and training in psychiatry. The *Psychiatric Bulletin* focuses on matters relevant to everyday clinical practice and management in psychiatry. The *Psychiatric Bulletin* will prioritise articles which are of practical clinical relevance, topical and accessible.

All original articles are peer reviewed. Authors should send three copies of their submission, typed double-spaced with wide margins, and give a total word count. A good length is 1500 words. Longer papers are likely to be returned to the authors for editing before being sent to referees. A structured abstract of 100–120 words (headings to include aims and method, results and clinical implications) should be included with all original scientific papers. A summary of approximately 100 words should precede review articles. Authors are encouraged to limit the number of tables/figures to a maximum of three. Photographs and illustrations are welcome. For more detailed advice on referencing (Harvard system), presentation of statistical information and the style of tables and figures, please refer to instructions to authors in the *British Journal of Psychiatry*.

Papers on audit must demonstrate a completed audit cycle. Correspondence is welcome; letters should be no longer than 250 words (please give word count) and include no more than three references, and no tables or diagrams. Letters can be e-mailed to csantossinclair@rcpsych.ac.uk. The correspondence editor will use a standard letter to inform authors if their letter is to be published or not. Books reviews should be no longer than 500 words.

If an individual patient is described, the patient should read the report before submission, and written consent must be obtained from the patient or an authorised person. Contributors should be aware of the risk of complaint by patients in respect of defamation and breach of confidentiality.

All material submitted should be accompanied by a covering letter to the editor signed by all authors. Contributions are accepted for publication on the condition that their substance has not been published or submitted elsewhere.

The *Psychiatric Bulletin* is published monthly by the Royal College of Psychiatrists, 17 Belgrave Square, London SW1X 8PG. (Registered charity no. 228636.)
