

# Reviewers List/ List des arbitres 2008

---

Each year a large number of people assist the *Canadian Journal on Aging* in providing a rigorous, blind review process. These reviews ensure the quality of the papers that appear, and they also help to educate and enlighten prospective authors. The Editorial Board expresses its sincere thanks to all. Reviewers are listed in the journal once a year.

Chaque année un bon nombre de personnes contribuent anonymement au processus d'arbitrage de *La Revue canadienne du vieillissement*. Leurs appréciations assurent la qualité des articles publiés et elles forment et informent les auteurs potentiels. Le comité de rédaction désire rendre témoignage en les remerciant. Les noms de nos arbitres sont publiés dans la revue une fois l'an.
