Education Institute**

**CAMBRIDGE
UNIVERSITY PRESS**

Want some CME with that?

STAHL

MASTERCLASS

- An online educational program in core areas of psychiatry with interactive readings, short lectures, animations and case studies

- Self-testing and opportunities to claim formal CME credits, all taken at a self-directed speed

- Written and moderated by experts in the field from the Dr. Stahl's Neuroscience Education Institute and the University of Cambridge

CONTENTS

BRAINSTORMS

Mechanism of action of vesicular monoamine transporter 2 (VMAT2) inhibitors in tardive dyskinesia: reducing dopamine leads to less “go” and more “stop” from the motor striatum for robust therapeutic effects
Stephen M. Stahl 1

REVIEWERS

CNS Spectrums 2017 Peer Reviewers 7

GUEST EDITORIAL

Standardization of MRI data and disability quantification in the post-EPIC era
Jagannadha Avasarala 8

REVIEW ARTICLES

Neuropsychological performance changes following subthalamic versus pallidal deep brain stimulation in Parkinson’s disease: a systematic review and metaanalysis
Ahmed Elgebaly, Mohamed Elfil, Attia Attia, Mayar Magdy and Ahmed Negida 10

Continuous circular cycling as a predictor of treatment response in bipolar disorders: a comprehensive review of the current literature
Antonio Tundo and Paola Cavalieri 24

A systematic review of the heritability of specific psychopathic traits using Hare’s two-factor model of psychopathy
Sapna Dhanani, Veena Kumari, Basant K. Puri, Ian Treasaden, Susan Young and Piyal Sen 29

ORIGINAL RESEARCH

Evaluation of the long-term safety and tolerability of cariprazine in patients with schizophrenia: results from a 1-year open-label study
Andrew J. Cutler, Suresh Durgam, Yao Wang, Raffaele Migliore, Kaifeng Lu, István Laszlovszky and György Németh 39

Unpacking the role of self-reported compulsivity and impulsivity in obsessive-compulsive disorder
Luisa Prochazkova, Linden Parkes, Andrew Dawson, George Youssef, Gabriela M. Ferreira, Valentina Lorenzetti, Rebecca A. Segrave, Leonardo F. Fontenelle and Murat Yücel 51

Prevalence of suicide attempt and clinical characteristics of suicide attempters with obsessive-compulsive disorder: a report from the International College of Obsessive-Compulsive Spectrum Disorders (ICOCS)
Bernardo Dell’Osso, Beatrice Benatti, Chiara Arici, Carlotta Palazzo, A. Carlo Altamura, Eric Hollander, Naomi Fineberg, Dan J. Stein, Humberto Nicolini, Nuria Lanzagorta, Donatella Marazziti, Stefano Pallanti, Michael van Ameringen, Christine Lochner, Oguz Karamustafalioglu, Luchezar Hranov, Martijn Figee, Lynne Drummond, Carolyn I. Rodriguez, John Grant, Damiaan Denys, Jose M. Menchon and Joseph Zohar 59

ABSTRACTS

The following abstracts were presented as posters at the 2017 NEI Congress 68

Editor-in-Chief

Stephen M. Stahl, Adjunct Professor of Psychiatry at the University of California San Diego, USA;
Honorary Visiting Senior Fellow at the University of Cambridge, UK.

Field Editors

Joseph F. Goldberg, Icahn School of Medicine at Mount Sinai, USA
Stefano Pallanti, University of Florence, Italy
Thomas E. Schlaepfer, University Hospital Bonn, Germany
Frank I. Tarazi, Harvard Medical School, USA
Carlos A. Zarate, National Institute of Mental Health, USA

Deputy Editor

Thomas L. Schwartz, SUNY Upstate Medical University at Syracuse, USA

Editorial Board

Leslie Citrome, New York Medical College, USA
Christoph U. Correll, Hofstra Northwell School of Medicine, USA
Maria Conceição do Rosario, University of São Paulo Medical School, Brazil
Jeffrey L. Cummings, Cleveland Clinic, USA
Thilo Deckersbach, Harvard Medical School, USA
Bernardo Dell'Osso, University of Milan, Italy
Koen Demyttenaere, University Psychiatric Center KuLeuven, Belgium
Karen D. Ersche, University of Cambridge, UK
Gianni Faedda, The Mood Disorders Center of New York, USA
Robert L. Findling, The Johns Hopkins Hospital, USA
Patrick R. Finley, University of California, San Francisco, USA
Mark S. George, Medical University of South Carolina, USA
Ira D. Glick, Stanford University, USA
Joseph F. Goldberg, Icahn School of Medicine at Mount Sinai, USA
Jon Grant, University of Chicago, USA
Gregor Hasler, University of Berne, Switzerland
Eric Hollander, Albert Einstein College of Medicine and Montefiore Medical Center, USA
Daphne Holt, Harvard Medical School, USA
Oliver Howes, King's College, London, UK
Peter B. Jones, University of Cambridge, UK
Andres M. Kanner, University of Miami, USA
Antony D. Loebel, New York University School of Medicine, USA
Donatella Marazziti, University of Pisa, Italy
Roger McIntyre, University of Toronto, Canada
Herbert Y. Meltzer, Northwestern University, USA
Philip Mitchell, University of New South Wales, Australia
Mary Moller, Pacific Lutheran University and Northwest Integrated Health, USA
Mark Muse, Muse Psychological Associates, USA
Humberto Nicolini, National Institutes of Health, Minister of Health, México
Andrew A. Nierenberg, Harvard Medical School, USA
Stefano Pallanti, University of Florence, Italy

Susan Velasquez, California Department of State Hospitals, USA
Karen Dineen Wagner, The University of Texas Medical Branch, USA
Katherine D. Warburton, California Department of State Hospitals, USA
Stephen R. Wisniewski, University of Pittsburgh, USA
Carlos A. Zarate, Jr., National Institute of Mental Health, USA
Joseph Zohar, Tel Aviv University, Israel

Managing Editor

Lisa Arrington, Cambridge University Press (larrington@cambridge.org)

Aims and Scope

CNS Spectrums covers all aspects of the clinical neurosciences, neurotherapeutics and neuropsychopharmacology, particularly those pertinent to the clinician and clinical investigator. The journal features focused, in-depth reviews, perspectives and original research articles. New therapeutics of all types in psychiatry, mental health, and neurology are emphasized, especially first in man studies, proof of concept studies and translational basic neuroscience studies. Subject coverage spans the full spectrum of neuropsychiatry, focusing on those crossing traditional boundaries between neurology and psychiatry.

Submitting Manuscripts to *CNS Spectrums*

All submissions to *CNS Spectrums* should be prepared in accordance with the instructions for authors and in the style of the Journal. Manuscripts should be submitted through the dedicated *CNS Spectrums* ScholarOne Manuscripts website: <http://mc.manuscriptcentral.com/cnsspectr>

CNS Spectrums will consider and encourage the following types of articles for publication: **Reviews**—The review article is a comprehensive article summarizing and synthesizing the literature on various topics presented in a scholarly and clinically relevant fashion; **Perspectives**—The perspective article is a type of review that is a short, focused summary of a single recent advance, a sort of spotlight on the topic, which could be for example, a single point hypothesis or a novel model. It can stimulate debate and new research. **Meta-guidelines**—A meta-guideline is a “guideline of guidelines” put together by several leading figures in a field in which there are multiple competing guidelines that require synthesis and updating; **Original Research**—Reports the results of a clinical study and contains original research; the journal will also include **Brainstorms** and **Editorials** that shall be commissioned or written by the Editor-in-Chief.

Instructions for Contributors

The Instructions for Contributors are available on the Cambridge Journals Online web site at: <http://journals.cambridge.org/CNSifc>

Indexing

CNS Spectrums is indexed by *Index Medicus*/MEDLINE and Web of Science (Thomson Reuters) as well as appearing in the annual Journal Citation Report. Introduced in 1996, the journal was acquired in whole by Cambridge University Press in November of 2011.

Subscriptions

Institutional print and electronic: £520/\$824; Institutional electronic only: £395/\$631.
