

## INDEX OF SUBJECTS

	PAGE
Acid-fast bacillus, experiments with . . . . .	673
Aerial disinfection by hypochlorites . . . . .	560
Aerosols, germicidal . . . . .	253
African natives, typhoid Vi agglutinins in . . . . .	406
Alimentary tract, effects of morphine, etc., in . . . . .	228, 583
Anaerobic infections, treatment of . . . . .	345
organisms in "bone-taint" . . . . .	154
Anaphylaxis, reversed passive . . . . .	377
Antigens, somatic, of <i>Cl. Welchii</i> group . . . . .	501
<i>Asterococcus canis</i> I and II . . . . .	209
Atmospheres, closed, disinfection of . . . . .	253
Australian family coefficients . . . . .	281
nutritional survey . . . . .	281
B.B.S. medium . . . . .	414
<i>B. mesentericus</i> . . . . .	170
<i>Bact. coli</i> , action of ultraviolet light on . . . . .	170
<i>fundiforme</i> . . . . .	209
<i>paratyphosum</i> , isolation of . . . . .	414
<i>prodigosum</i> , action of ultraviolet light on . . . . .	170
<i>typhosum</i> , isolation of . . . . .	414
Bacteria in English lakes . . . . .	617
Bacterial invasion of hen's egg . . . . .	453
Bactericidal action of ultraviolet light . . . . .	162
Bacteriology of fresh water . . . . .	616
Bed-bug, effects of insecticides on . . . . .	462
Calves, experiments with vole bacillus on . . . . .	673
Cancer mortality . . . . .	63
Cerebrospinal meningitis, chemotherapy of . . . . .	605
Chemotherapy of cerebrospinal meningitis . . . . .	605
<i>Cimex lectularius</i> , effect of insecticides on . . . . .	462
<i>Clostridium</i> in "bone-taint" . . . . .	157
<i>aedematiens</i> . . . . .	157
<i>welchii</i> group, somatic antigens of . . . . .	501
Codeine, effects on alimentary tract . . . . .	232, 596
Coefficient scale, family, in Australia . . . . .	681
Coramine, action of . . . . .	474
Denmark, poliomyelitis in . . . . .	84
Dick tests . . . . .	115
Dicodid, effect on alimentary tract . . . . .	235, 599
Diet of Durham miners . . . . .	439
Dilaudid, effect on alimentary tract . . . . .	232, 597
Disinfection of closed atmospheres . . . . .	253
Durham miners, diet of . . . . .	439
Dwellings, ventilation of . . . . .	125

## Index of Subjects

737

	PAGE
Eire, non-pulmonary tuberculosis in . . . . .	396
Endotoxin, inheritance of resistance to . . . . .	538
<i>Eperythrozoon coccoides</i> . . . . .	204
Epidemiology of influenza . . . . .	104
poliomyelitis . . . . .	84
scarlet fever . . . . .	172
Eukodol, effect on alimentary tract . . . . .	237, 601
Foods, vitamin C in . . . . .	699
Foot perspiration and leather . . . . .	447
<i>Fusobacterium nucleatum</i> . . . . .	209
Immune sera in anaerobic infections . . . . .	345
Immunity experiments with vole bacillus . . . . .	672
Infections, nosocomial, in children's wards . . . . .	647
Influenza, epidemiology of . . . . .	104
Inheritance of resistance to endotoxin . . . . .	538
Insecticides, effects on bed-bug . . . . .	462
Isovaleraldehyde, poisoning by . . . . .	555
Katarometer, calibration of . . . . .	127
Lakes, English, bacteriology of . . . . .	616
Leather and foot-perspiration . . . . .	447
Media for isolation of <i>V. cholera</i> . . . . .	532
Medium for isolation of <i>Bact. typhosum</i> . . . . .	414
Methylmorphine, effect on alimentary tract . . . . .	228, 583
Milks, Palestinian, vitamins in . . . . .	690
Morphine, effect on alimentary canal . . . . .	228, 583
Mortality rates, specific in Scotland . . . . .	423
Scottish cancer . . . . .	63
Nosocomial infection in children's wards . . . . .	647
Notes on the preparation of papers . . . . .	I
Nutritional survey, Australian . . . . .	681
Osmotic pressure of dried serum . . . . .	548
Palestinian milks, vitamins in . . . . .	690
Papers for publication, preparation of . . . . .	I
Paratyphoid bacilli, isolation of . . . . .	416
Passive anaphylaxis, reversed . . . . .	377
Pleuropneumonia-like organisms . . . . .	204, 213, 223
Poisoning by 2-methylbutylaldehyde . . . . .	555
Poliomyelitis in Denmark . . . . .	84
<i>Proteus</i> in "bone-taint" . . . . .	160
Reversed passive anaphylaxis . . . . .	377
<i>Salmonella</i> , new types— <i>S. ballerup</i> . . . . .	246
<i>S. rubislaw</i> . . . . .	122

	PAGE
<i>Salmonella aberdeen</i> . . . . .	123
<i>abortus equi</i> . . . . .	123
<i>ballerup</i> . . . . .	246
<i>rubislaw</i> . . . . .	122
<i>virchow</i> . . . . .	123
Scarlet fever, epidemiology of . . . . .	172
haemolytic streptococci in . . . . .	172
Schick tests . . . . .	115
Scotland, specific mortality rates in . . . . .	423
Scottish cancer mortality . . . . .	63
Serological investigation of influenza . . . . .	104
Serum, dried, osmotic pressures of . . . . .	548
Somatic antigens of <i>Cl. welchii</i> group . . . . .	501
<i>Streptobacillus moniliformis</i> . . . . .	204
Streptococci, haemolytic, in scarlet fever . . . . .	172
<i>Streptococcus</i> in "bone-taint" . . . . .	159
Sudan, cerebrospinal meningitis in . . . . .	605
Sulphapyridine in anaerobic infections . . . . .	345
Synergic action, problem of . . . . .	345
Tubercle bacilli, human and bovine types, in non-pulmonary tuberculosis . . . . .	396
in pulmonary tuberculosis . . . . .	365
Tuberculosis, non-pulmonary, in Eire . . . . .	396
pulmonary, in Scotland . . . . .	365
Typhoid bacilli, isolation of . . . . .	415
Typhoid Vi agglutinins in African natives . . . . .	406
Ultra-violet light, bactericidal action of . . . . .	162
Ventilation, measurement of . . . . .	125
<i>Vibrio cholera</i> , isolation of . . . . .	532
Vitamin C in foods . . . . .	699
Vitamins A and C in milk . . . . .	690
Vole acid-fast bacillus . . . . .	673
Water, fresh, bacteriology of . . . . .	616
sampling apparatus . . . . .	641
Wilson and Blair's medium, modification of . . . . .	416
