

## Index of Subjects

*Numerals show only the initial pages concerned with the subject.*

*Numerals followed by the letter A refer to pages in Abstracts of Communications read at Meetings for Original Communications of The Nutrition Society.*

### Acetate

In vivo incorporation of <sup>14</sup>C into plasma fractions of pigs after injection of [U-<sup>14</sup>C]sodium acetate into the caecum 43, 22A, 1984

Tissue incorporation and excretion of <sup>14</sup>C in pigs after injection of [U-<sup>14</sup>C]sodium acetate into the caecum 43, 12A, 1984

### Acid detergent fibre

The use of detergent extraction procedures for estimating fibre carbohydrates in feeds and digesta 43, 25A, 1984

### Adipose tissue

Modulation of noradrenaline-stimulated lipolysis by an adenosine analog in adipose tissue from control and lactating sheep 43, 37A, 1984

Regulation of pyruvate kinase activity and glucose utilization by insulin in sheep adipose tissue maintained in tissue culture 43, 36A, 1984

### β-Adrenoreceptor agonists

Effects of selective β-adrenoreceptor agonists on energy balance and body composition in the rat 43, 71A, 1984

### Alcohol

Nutrition, alcohol and drug abuse 43, 265-270, 1984

### Alimentary tract

A comparison of bacterial fermentation end-products in carnivores, herbivores and primates including man 43, 35A, 1984

Attempts to modify post-weaning changes in the piglet gastrointestinal tract 43, 19A, 1984

Effect of diet and post-weaning food intake on digestive development of early-weaned pigs 43, 110A, 1984

Effect of diet composition on digestive development of early-weaned pigs 43, 109A, 1984

Further studies of gut enlargement in artificially reared rat pups 43, 111A, 1984

Microbes of nutritional importance in the alimentary tract 43, 1-11, 1984

Microbial activity in the alimentary tract of birds 43, 55-61, 1984

Microbial activity in the omasum 43, 63-68, 1984

Nutritional value of sugars and related compounds undigested in the small gut 43, 69-75, 1984

Post-weaning changes in the piglet gastrointestinal tract 43, 18A, 1984

The induction of gut damage as a result of a transient immune hypersensitivity to dietary antigens 43, 117A, 1984

The large bowel—a supplementary rumen? 43, 13-23, 1984

True and apparent absorption of phosphate between reticulum and duodenum of the ruminating calf 43, 8A, 1984

### n-Alkanes

The possible use of n-alkanes in herbage as indigestible faecal markers 43, 39A, 1984

### Amino acids

Methionine to cystine conversion in cattle 43, 56A, 1984

Milk production in cows infused abomasally with casein, glucose or aspartic and glutamic acids early in lactation 43, 65A, 1984

### Ammonia poisoning

Source of peripheral blood ammonia in ruminants and its relationship to clinical ammonia poisoning 43, 64A, 1984

### Anabolic steroids

Reduced nitrogen excretion with an anabolic steroid in the post-operative period 43, 81A, 1984

### Anorexia nervosa

Nutritional and immunological assessment of patients with anorexia nervosa 43, 90A, 1984

### Antibiotics

The effect of Avoparcin on rumen fermentation in vitro 43, 21A, 1984

### Antidepressants

Antidepressants as thermogenic drugs for the treatment of obesity 43, 30A, 1984

### Antigen digestion

Soya-bean antigen survival in the digestive tract of the preruminant calf 43, 115A, 1984

### Anti-hypertensive drugs

Anti-hypertensive drugs for the treatment of leanness 43, 29A, 1984

### Anti-obesity agent

Effect of treatment of obese Wistar rats with a new anti-obesity agent Org 6837 43, 31A, 1984

### Artificial rearing

Further studies of gut enlargement of artificially reared rat pups 43, 111A, 1984

### Artificial rumen

Fermentation of poultry excreta, urea and casein with pure carbohydrate sources in an artificial rumen 43, 23A, 1984

Mineral elements affecting rumen microbial synthesis in an in vitro system 43, 95A, 1984

### Avoparcin

The effect of Avoparcin on rumen fermentation in vitro 43, 21A, 1984

### Bacterial fermentation

A comparison of bacterial fermentation end-products in carnivores, herbivores and primates including man 43, 35A, 1984

### Bile acid binding

Bile acid binding and the cholesterolaemic effect of dietary proteins 43, 63A, 1984

**Bile acids**

The effect of diet on bile acid and neutral steroid excretion in relation to the risk of colon cancer  
43, 126A, 1984

**Bile lipids**

Changes in the biliary lipids in bile obtained from gall-bladders with and without cholesterol gallstones  
43, 84A, 1984

Unique lipid patterns associated with the bile of the domestic fowl (*Gallus domesticus*)  
43, 52A, 1984

**Biliary fistulation**

Lipid absorption in sheep with two types of biliary fistulation  
43, 133A, 1984

**Body composition**

Effects of selective  $\beta$ -adrenoreceptor agonists on energy balance and body composition in the rat  
43, 71A, 1984

**Body fat**

Energy and nitrogen metabolism in broiler chickens selected for high and low body fat content  
43, 106A, 1984

**Boyd Orr Memorial Lecture**

Milk and the newborn animal  
43, 87-100, 1984

**Breath hydrogen technique**

Digestibility of carbohydrate from bread and lentils using a breath hydrogen technique and a human ileostomy model  
43, 15A, 1984

**Brown adipose tissue**

A comparative study on the influence of high-fat diets on thermogenesis in brown adipose tissue of cold-acclimated rodents  
43, 146A, 1984

Changes in mitochondrial uncoupling protein and GDP-binding in brown adipose tissue of cafeteria-fed rats  
43, 148A, 1984

Defective sympathetic regulation of brown adipose tissue of Zucker obese rats  
43, 68A, 1984

The effect of age and gene-dosage on brown adipose tissue of Zucker obese fa/fa rats  
43, 69A, 1984

***N*-Butyl-*N*-(4-hydroxybutyl)-nitrosamine**

No effect of  $\beta$ -carotene on the response of an inbred mouse strain to the bladder carcinogen *N*-butyl-*N*-(4-hydroxybutyl)-nitrosamine (BBN)  
43, 2A, 1984

**Cadmium**

Phytic acid and heavy-metal uptake and depletion  
43, 6A, 1984

**Caecum**

Effect of the interaction between two bacterial species on volatile fatty acid production in the chicken caecum  
43, 14A, 1984

In vivo incorporation of  $^{14}\text{C}$  into plasma fractions of pigs after injection of [ $^{14}\text{C}$ ]sodium acetate into the caecum  
43, 22A, 1984

Influence of dietary fats on the rat caecal microflora  
43, 7A, 1984

Tissue incorporation and excretion of  $^{14}\text{C}$  in pigs after injection of [ $^{14}\text{C}$ ]sodium acetate into the caecum  
43, 12A, 1984

**Cafeteria-feeding**

Changes in mitochondrial uncoupling protein and GDP-binding in brown adipose tissue of cafeteria-fed rats  
43, 148A, 1984

Effect of physiological state on response of female rats to cafeteria-feeding  
43, 72A, 1984

Energy balance and thermogenesis in young male and female rats given a cafeteria diet  
43, 147A, 1984

**Caffeine**

Effect of methylxanthines on the volume and composition of milk from Wistar rats  
43, 141A, 1984

**Calcium absorption**

The absorption of calcium by forage-fed lambs  
43, 104A, 1984

**Cancer**

Beneficial effect of corticosteroids on food intake amongst patients with advanced cancer  
43, 44A, 1984

**Carbohydrate digestibility**

Digestibility of carbohydrate from bread and lentils using a breath hydrogen technique and a human ileostomy model  
43, 15A, 1984

**Carbohydrate digestion**

Microbial digestion of complex carbohydrates in man  
43, 35-44, 1984

Nutritional value of sugars and related compounds undigested in the small gut  
43, 69-75, 1984

**Carcinogen**

No effect of  $\beta$ -carotene on the response of an inbred mouse strain to the bladder carcinogen *N*-butyl-*N*-(4-hydroxybutyl)-nitrosamine (BBN)  
43, 2A, 1984

 **$\beta$ -Carotene**

No effect of  $\beta$ -carotene on the response of an inbred mouse strain to the bladder carcinogen *N*-butyl-*N*-(4-hydroxybutyl)-nitrosamine (BBN)  
43, 2A, 1984

**Children**

Energy balance in childhood adolescence  
43, 271-279, 1984

Obesity in children—a single state or a set of conditions?  
43, 151A, 1984

The effect of acute malaria infection on nitrogen metabolism in young children  
43, 138A, 1984

**Citrate**

Changes in milk fatty acid and soluble citrate concentrations caused by short-term feeding of oil to dairy cows  
43, 145A, 1984

**Colon cancer**

The effect of diet on bile acid and neutral steroid excretion in relation to the risk of colon cancer  
43, 126A, 1984

**Compartmental models**

The use of simple compartmental models in sheep metabolism studies  
43, 197-204, 1984

**Computer program**

A simple pocket computer program for assessing nutritional requirements  
43, 118A, 1984

**Copper**

An association between lamb mortality and copper status in different breeds of sheep

43, 102A, 1984

Bioavailability of copper from various fractions of ruminant digesta

43, 60A, 1984

Factors affecting plasma zinc and copper in pregnancy

43, 45A, 1984

Factors influencing Cu:Zn superoxide dismutase (EC 1.15.1.1) activity in ovine blood and its use in the diagnosis of hypocuprosis

43, 100A, 1984

Growth responses to copper and selenium in lambs of different breeds on improved hill pastures

43, 103A, 1984

Rat intestinal cytochrome oxidase activity as an indicator of the supply and availability of dietary copper

43, 59A, 1984

**Corticosteroids**

Beneficial effect of corticosteroids on food intake amongst patients with advanced cancer

43, 44A, 1984

**Corticosterone**

Modification of thyroid hormone-induced adaptation of muscle protein turnover in malnutrition by glucocorticoid treatment

43, 13A, 1984

The effect of corticosterone treatment on heat production in the growing rat

43, 75A, 1984

The role of insulin and corticosterone in the increase in muscle protein synthesis in refed fasted rats

43, 4A, 1984

**Crohns disease**

Vitamin E and selenium status in Crohns disease

43, 125A, 1984

**Cystine**

Methionine to cystine conversion in cattle

43, 56A, 1984

**Cytochrome *c* oxidase**

Rat intestinal cytochrome oxidase activity as an indicator of the supply and availability of dietary copper

43, 59A, 1984

**Dental decay**

Nutrition and dental decay

43, 257-263, 1984

**Dental health**

Potato crisps in the diet of laboratory rats: effects on body-weight, lipids and dental health

43, 57A, 1984

**Detergent extraction procedures**

The use of detergent extraction procedures for estimating fibre carbohydrates in feeds and digesta

43, 25A, 1984

**Diabetes**

Acceptability of sucrose in the diabetic diet

43, 152A, 1984

High-fibre, low-sodium, low-fat dietary treatment in diabetic subjects with intermittent claudication

43, 62A, 1984

Nutrition education appropriate for the long-term management of diabetes in the community

43, 227-229, 1984

**Diarrhoea**

Gut hormones in malnourished children with protracted diarrhoea

43, 83A, 1984

**Dietary advice**

High-fibre, low-sodium, low-fat dietary treatment in diabetic subjects with intermittent claudication

43, 62A, 1984

**Dietary antigens**

The induction of gut damage as a result of a transient immune hypersensitivity to dietary antigens

43, 117A, 1984

**Dietary fats**

Influence of dietary fats on the rat caecal microflora

43, 7A, 1984

**Dietary fibre**

Effect of guar gum on gastric emptying of liquid test meals and high-solid meals in growing pigs

43, 28A, 1984

Some physical characteristics of dietary fibres and their influence on the microbial ecology of the human colon

43, 25-33, 1984

The influence of dietary pectin on the uterus in mice and rats

43, 142A, 1984

Wholemeal guar bread: acceptability and efficacy combined. A study of blood glucose, plasma insulin and palatability in normal subjects

43, 48A, 1984

**Digestive development**

Effect of diet and post-weaning food intake on digestive development of early-weaned pigs

43, 110A, 1984

Effect of diet composition on digestive development of early-weaned pigs

43, 109A, 1984

**Drinking-water nitrate**

Relationship between drinking-water nitrate and total nitrate intake

43, 98A, 1984

**Drug abuse**

Nutrition, alcohol and drug abuse

43, 265-270, 1984

**Early-weaned pig**

Effect of diet composition on digestive development of early-weaned pigs

43, 109A, 1984

Effect of diet and post-weaning food intake on digestive development of early-weaned pigs

43, 110A, 1984

**Elderly people**

Cross-sectional and longitudinal studies in the elderly

43, 289-294, 1984

Handling of vitamin C by elderly patients

43, 78A, 1984

Nutrition and the elderly: identifying those at risk

43, 295-302, 1984

Nutrition at retirement age

43, 303-313, 1984

Tryptophan and related variables in Part III accommodation residents

43, 140A, 1984

Vitamin status of elderly residents in Part III accommodation

43, 139A, 1984

**Energy balance**

Effects of selective  $\beta$ -adrenoreceptor agonists on energy balance and body composition in the rat

43, 71A, 1984

Energy balance and thermogenesis in young male and female rats given a cafeteria diet

43, 147A, 1984

- Energy balance in childhood adolescence  
43, 271-279, 1984
- Energy expenditure**  
Menstrual cycle hormonal changes and energy expenditure 43, 143A, 1984
- Energy metabolism**  
A study on energetic efficiency during pregnancy in mice 43, 144A, 1984  
Energy and nitrogen metabolism in broiler chickens selected for high and low body fat content 43, 106A, 1984  
Erythrocyte (Na<sup>+</sup>-K<sup>+</sup>)-ATPase (EC 3.6.1.3) in normal man: relationships with indices of body composition, energy expenditure and racial origin 43, 150A, 1984  
The influence of crude fibre on the digestibility, metabolizability and utilization of metabolizable energy in diets for growing pigs 43, 26A, 1984  
The influence of gastrointestinal cannulation on the energy metabolism of the pig 43, 66A, 1984
- Energy requirements**  
The energy cost of pregnancy 43, 67A, 1984
- Energy retention**  
Energy and protein retention of axenic and holoxenic chickens given the same level of feed 43, 27A, 1984
- Enteral nutrition**  
A comparison of the absorption from 'chemically-defined elemental' or 'whole protein' enteral feeds by the human small bowel 43, 123A, 1984
- Environmental temperature**  
A comparative study on the influence of high-fat diets on thermogenesis in brown adipose tissue of cold-acclimated rodents 43, 146A, 1984  
Differential changes in free and 3,5,3'-triiodo-thyronine in cold-exposed rats 43, 74A, 1984
- Essential fatty acids**  
A role for zinc in essential fatty acid metabolism 43, 54A, 1984  
The effect of n6 and n3 polyunsaturated fatty acids on testicular development in the rat 43, 50A, 1984
- Ethnic groups**  
Dietary intakes of three ethnic groups of Singapore 43, 135A, 1984
- Fat cells**  
In vitro responses of subcutaneous fat obtained from two sites in unanaesthetized women during pregnancy and postnatally 43, 96A, 1984
- Fat digestion**  
Lingual lipase in neonatal fat digestion 43, 112A, 1984
- Fatty acid metabolism**  
Fatty acid metabolism of the perfused caudate lobe from fed and starved non-pregnant and pregnant sheep 43, 38A, 1984
- Fatty acids**  
Cardiac phospholipid fatty acid composition in obese and lean Zucker rats 43, 97A, 1984
- Changes in milk fatty acid and soluble citrate concentrations caused by short-term feeding of oil to dairy cows 43, 145A, 1984  
The effect of n6 and n3 polyunsaturated fatty acids on testicular development in the rat 43, 50A, 1984  
The triglyceride composition of bovine milk fat and the diet of the cow 43, 105A, 1984
- Fetal development**  
Models for nutritional research on the fetus: problems and pitfalls 43, 179-188, 1984
- Fibre**  
The influence of crude fibre on the digestibility, metabolizability and utilization of metabolizable energy in diets for growing pigs 43, 26A, 1984  
Thermic effects of methyl cellulose 43, 70A, 1984
- Fibronectin**  
Plasma fibronectin changes during acute nutritional deprivation in healthy human subjects 43, 43A, 1984
- Folate**  
Effect of choice of calibration curve range on results of *Lactobacillus casei* assay of folate 43, 24A, 1984  
The folate status of pastoral Fulani communities in northern Nigeria 43, 128A, 1984
- Food habits**  
Longitudinal study of food habits of Nigerian students in Aberdeen 43, 85A, 1984
- Food intake**  
Assessment of nutritional status of college students in the Dublin area 43, 88A, 1984  
Beneficial effect of corticosteroids on food intake amongst patients with advanced cancer 43, 44A, 1984  
Heat production and food intake in turkeys given diets of widely differing protein:energy values 43, 107A, 1984
- Food intolerance**  
Microbiological studies on food intolerance 43, 16A, 1984
- Galactose metabolism**  
The influence of glucose on the plasma galactose response to galactose in the rat, guinea-pig and mouse 43, 58A, 1984
- Gallstones**  
Changes in the biliary lipids in bile obtained from gall-bladders with and without cholesterol gallstones 43, 84A, 1984
- Gambian children**  
Seasonal changes in nutritional status of urban Gambian children 43, 137A, 1984
- Gastric emptying**  
Effect of guar gum on gastric emptying of liquid test meals and high-solid meals in growing pigs 43, 28A, 1984
- Gastrointestinal cannulation**  
The influence of gastrointestinal cannulation on the energy metabolism of the pig 43, 66A, 1984

**Gastrointestinal hormones**

Gut hormones in malnourished children with protracted diarrhoea 43, 83A, 1984

**Gastrointestinal surgery**

The influence of gastrointestinal surgery on the metabolic status of adult sheep 43, 20A, 1984

**GDP-binding**

Changes in mitochondrial uncoupling protein and GDP-binding in brown adipose tissue of cafeteria-fed rats 43, 148A, 1984

**Germ-free chickens**

Energy and protein retention of axenic and holoxenic chickens given the same level of feed 43, 27A, 1984

Microbial activity in the alimentary tract of birds 43, 55-61, 1984

**Glucosinolates**

Dietary intake of glucosinolates, mustard oil glycosides 43, 61A, 1984

**Glutathione peroxidase (EC 1.11.1.9)**

Effects of supplementation with high-selenium wheat bread on glutathione peroxidase and related enzymes in women 43, 17A, 1984

**[<sup>15</sup>N]Glycine**

Nitrogen turnover measurement by primed continuous [<sup>15</sup>N]glycine infusions—an evaluation in surgical patients 43, 46A, 1984

**Green algae**

The composition and nutritive value of *Chlorella vulgaris* grown in laboratory scale and pilot plant culture 43, 92A, 1984

**Growth**

Current social factors and the growth of pre-school children 43, 79A, 1984

Energy balance in childhood adolescence 43, 271-279, 1984

Response of the female rat to trenbolone acetate and oestradiol-17 $\beta$  given alone or combined 43, 42A, 1984

Response of young rapidly growing lambs to trenbolone acetate combined with oestradiol-17 $\beta$  43, 41A, 1984

**Guar gum**

Effect of guar gum on gastric emptying of liquid test meals and high-solid meals in growing pigs 43, 28A, 1984

Wholemeal guar bread: acceptability and efficacy combined. A study of blood glucose, plasma insulin and palatability in normal subjects 43, 48A, 1984

**Gut morphology**

Mucosal morphology in the alimentary tract of calves given heated soya-bean flour 43, 113A, 1984

**Heat production**

Heat production and food intake in turkeys given diets of widely differing protein:energy values 43, 107A, 1984

**Hormones**

Menstrual cycle hormonal changes and energy expenditure 43, 143A, 1984

**Hospital meals**

The nutritive value of school and hospital meals 43, 155A, 1984

**Hospital support**

Assessment of patients at commencement of nutritional support—relation to type of feeding and clinical outcome 43, 120A, 1984

**Hypocuprosis**

Factors influencing Cu:Zn superoxide dismutase (EC 1.15.1.1) activity in ovine blood and its use in the diagnosis of hypocuprosis 43, 100A, 1984

**Ileostomy model**

Digestibility of carbohydrate from bread and lentils using a breath hydrogen technique and a human ileostomy model 43, 15A, 1984

**Ileostomy patients**

A comparison of the absorption from 'chemically-defined elemental' or 'whole protein' enteral feeds by the human small bowel 43, 123A, 1984

**Immune hypersensitivity**

Immune hypersensitivity and post-weaning diarrhoea in the pig 43, 116A, 1984

The induction of gut damage as a result of a transient immune hypersensitivity to dietary antigens 43, 117A, 1984

**Infant milk formulae**

Double metabolic balances on low-birth-weight infants given formulae of differing composition 43, 82A, 1984

**Infant nutrition**

Current social factors and the growth of pre-school children 43, 79A, 1984

Double metabolic balances on low-birth-weight infants given formulae of differing composition 43, 82A, 1984

Milk and the newborn animal 43, 87-100, 1984

**Insulin**

Regulation of pyruvate kinase activity and glucose utilization by insulin in sheep adipose tissue maintained in tissue culture 43, 36A, 1984

The role of insulin and corticosterone in the increase in muscle protein synthesis in refed fasted rats 43, 4A, 1984

**Intestinal methanogenesis**

Breath methane levels and intestinal methanogenesis among rural Nigerians on a local diet 43, 86A, 1984

**Intestinal mucin production**

The influence of diet on intestinal mucin production 43, 129A, 1984

**Intravenous nutrition**

Fat emulsion in 'complete nutritional mixtures' for intravenous feeding—a clinical evaluation 43, 122A, 1984

**Iron**

Effect of soya-bean protein on chicken meat iron absorption 43, 131A, 1984

The iron status and dietary Fe intake of non-supplemented pregnant women 43, 99A, 1984

- Isolated cell technique**  
A critical approach to the use of isolated liver cells for the study of metabolic events  
43, 119-132, 1984
- Isotope infusion**  
Calculating standard errors for flow rates in an open-compartment model with continuous isotope infusion  
43, 40A, 1984
- Lactation**  
Effect of physiological state on response of female rats to cafeteria-feeding  
43, 72A, 1984  
Lactose production, milk volume and lactose synthetase (*EC* 2.4.1.22) activity in rats fed on diets of varying protein adequacy  
43, 49A, 1984  
Modulation of noradrenaline-stimulated lipolysis by an adenosine analog in adipose tissue from control and lactating sheep  
43, 37A, 1984
- Lactobacillus casei***  
Effect of choice of calibration curve range on results of *Lactobacillus casei* assay of folate  
43, 24A, 1984
- Lactose**  
Lactose production, milk volume and lactose synthetase (*EC* 2.4.1.22) activity in rats fed on diets of varying protein adequacy  
43, 49A, 1984
- Lamb mortality**  
An association between lamb mortality and copper status in different breeds of sheep  
43, 102A, 1984
- Large intestine**  
Metabolism of nitrogenous compounds in the large gut  
43, 45-53, 1984  
Microbial digestion of complex carbohydrates in man  
43, 35-44, 1984  
Some physical characteristics of dietary fibres and their influence on the microbial ecology of the human colon  
43, 25-33, 1984  
The large bowel—a supplementary rumen?  
43, 13-23, 1984  
Urea and ammonia metabolism in the human large intestine  
43, 77-86, 1984
- Lead**  
Phytic acid and heavy-metal uptake and depletion  
43, 6A, 1984
- Leanness**  
Anti-hypertensive drugs for the treatment of leanness  
43, 29A, 1984
- Legumes**  
The effect of cooked legumes on mucosal cell turnover in the rat  
43, 89A, 1984
- Lingual lipase (*EC* 3.1.1.3)**  
Lingual lipase in neonatal fat digestion  
43, 112A, 1984
- Lipid absorption**  
Lipid absorption in sheep with two types of biliary fistulation  
43, 133A, 1984
- Lipids**  
Changes in lipid composition of grass during ensiling with or without added fat or oil  
43, 51A, 1984
- Unique lipid patterns associated with the bile of the domestic fowl (*Gallus domesticus*)  
43, 52A, 1984
- Lipolysis**  
In vitro responses of subcutaneous fat obtained from two sites in unanaesthetized women during pregnancy and postnatally  
43, 96A, 1984
- Lithium-marker technique**  
Epidemiological assessment of sodium sources in the diet by the use of the lithium-marker technique  
43, 153A, 1984  
Estimating dietary sources of sodium with lithium-tagged salt  
43, 154A, 1984
- Lymph phospholipids**  
The complex origin of lymph phospholipids in the sheep  
43, 132A, 1984
- Magnesium absorption**  
Sites of absorption of magnesium and phosphate in the stomach of the ruminating calf  
43, 9A, 1984
- Malaria**  
The effect of acute malaria infection on nitrogen metabolism in young children  
43, 138A, 1984
- Malnutrition**  
Modification of thyroid hormone-induced adaptation of muscle protein turnover in malnutrition by glucocorticoid treatment  
43, 13A, 1984
- Markers**  
The possible use of n-alkanes in herbage as indigestible faecal markers  
43, 39A, 1984
- Mass media**  
The mass media and other channels for nutrition information  
43, 211-216, 1984
- Menstrual cycle**  
Menstrual cycle hormonal changes and energy expenditure  
43, 143A, 1984
- Metallothionein-I**  
Plasma metallothionein-I assays in the diagnosis of zinc deficiency in rats  
43, 101A, 1984
- Methane**  
Breath methane levels and intestinal methanogenesis among rural Nigerians on a local diet  
43, 86A, 1984
- Methionine**  
Methionine to cystine conversion in cattle  
43, 56A, 1984
- Methyl cellulose**  
Thermic effects of methyl cellulose  
43, 70A, 1984
- 3-Methylhistidine**  
Effects of anabolic agents (trenbolone acetate + oestradiol-17 $\beta$ ) on the excretion of 3-methylhistidine by beef steers  
43, 5A, 1984
- Methylxanthines**  
Effect of methylxanthines on the volume and composition of milk from Wistar rats  
43, 141A, 1984
- Microbial fermentation**  
Microbial fermentation in the rumen  
43, 101-118, 1984
- Microbiological assay**  
Effect of choice of calibration curve range on results of *Lactobacillus casei* assay of folate  
43, 24A, 1984

**Micro-organisms**

- Effect of the interaction between two bacterial species on volatile fatty acid production in the chicken caecum 43, 14A, 1984
- Effect of three different rumen environments on the rate and extent of the rumen degradability of untreated straw, ammonia-treated straw and hay 43, 11A, 1984
- Influence of dietary fats on the rat caecal microflora 43, 7A, 1984
- Metabolism of nitrogenous compounds in the large gut 43, 45-53, 1984
- Microbes of nutritional importance in the alimentary tract 43, 1-11, 1984
- Microbial activity in the alimentary tract of birds 43, 55-61, 1984
- Microbial activity in the omasum 43, 63-68, 1984
- Microbial digestion of complex carbohydrates in man 43, 35-44, 1984
- Microbiological studies on food intolerance 43, 16A, 1984
- Nutritional value of sugars and related compounds undigested in the small gut 43, 69-75, 1984
- Some physical characteristics of dietary fibres and their influence on the microbial ecology of the human colon 43, 25-33, 1984
- The large bowel— a supplementary rumen? 43, 13-23, 1984
- Urea and ammonia metabolism in the human large intestine 43, 77-86, 1984

**Middle age**

- Nutrition-related problems of middle age 43, 281-288, 1984

**Milk**

- Milk and the newborn animal 43, 87-100, 1984

**Milk composition**

- Changes in milk fatty acid and soluble citrate concentrations caused by short-term feeding of oil to dairy cows 43, 145A, 1984
- Effect of methylxanthines on the volume and composition of milk from Wistar rats 43, 141A, 1984

**Milk fat**

- The triglyceride composition of bovine milk fat and the diet of the cow 43, 105A, 1984

**Milk production**

- Milk production in cows infused abomasally with casein, glucose or aspartic and glutamic acids early in lactation 43, 65A, 1984

**Minerals**

- Mineral elements affecting rumen microbial synthesis in an in vitro system 43, 95A, 1984

**Model systems**

- A critical approach to the use of isolated liver cells for the study of metabolic events 43, 119-132, 1984
- Explants and disaggregated tissue preparations as model systems in nutritional research: advantages and pitfalls 43, 133-140, 1984
- Liver perfusion: an in vitro technique for the study of intracellular protein turnover and its regulation in vivo 43, 161-177, 1984

Liver perfusion: an in vitro technique for the study of intracellular protein turnover and its regulation in vivo 43, 161-177, 1984
- Perfused small intestine**  
The lumenally- and vascularly-perfused small intestine as an experimental system for the study of translocation and metabolism 43, 141-160, 1984

**Phosphate absorption**

- Sites of absorption of magnesium and phosphate in the stomach of the ruminating calf 43, 9A, 1984  
 True and apparent absorption of phosphate between reticulum and duodenum of the ruminating calf 43, 8A, 1984

**Phospholipids**

- The complex origin of lymph phospholipids in the sheep 43, 132A, 1984

**Phytic acid**

- Phytic acid and heavy-metal uptake and depletion 43, 6A, 1984

**Polyunsaturated fatty acids**

- Cardiac phospholipid fatty acid composition in obese and lean Zucker rats 43, 97A, 1984

**Post-weaning diarrhoea**

- Immune hypersensitivity and post-weaning diarrhoea in the pig 43, 116A, 1984

**Potato crisps**

- Potato crisps in the diet of laboratory rats: effects on body-weight, lipids and dental health 43, 57A, 1984

**Potato-processing waste**

- Production of single cell protein on potato-processing-waste media 43, 93A, 1984

**Pregnancy**

- A study on energetic efficiency during pregnancy in mice 43, 144A, 1984  
 Factors affecting plasma zinc and copper in pregnancy 43, 45A, 1984  
 Fatty acid metabolism of the perfused caudate lobe from fed and starved non-pregnant and pregnant sheep 43, 38A, 1984  
 In vitro responses of subcutaneous fat obtained from two sites in unanaesthetized women during pregnancy and postnatally 43, 96A, 1984  
 The energy cost of pregnancy 43, 67A, 1984  
 The iron status and dietary Fe intake of non-supplemented pregnant women 43, 99A, 1984

**Preruminant calf**

- Histologic and metabolic responses to soya-bean antigens in the gut of the preruminant calf 43, 114A, 1984  
 Mucosal morphology in the alimentary tract of calves given heated soya-bean flour 43, 113A, 1984  
 Soya-bean antigen survival in the digestive tract of the preruminant calf 43, 115A, 1984

**Protein**

- Bile acid binding and the cholesterolaemic effect of dietary proteins 43, 63A, 1984

**Protein-energy malnutrition**

- Gut hormones in malnourished children with protracted diarrhoea 43, 83A, 1984

**Protein intake**

- Urine 24 h nitrogen excretion as an independent measure of the habitual dietary protein intake in individuals 43, 80A, 1984

**Protein quality**

- Lactose production, milk volume and lactose synthetase (*EC* 2.4.1.22) activity in rats fed on diets of varying protein adequacy 43, 49A, 1984

**Protein retention**

- Energy and protein retention of axenic and holoxenic chickens given the same level of feed 43, 27A, 1984

**Protein synthesis**

- Evaluation of protein synthesis rates after surgery in metastatic malignant disease 43, 121A, 1984  
 Fractional rates of protein synthesis in zinc-depleted rats 43, 53A, 1984  
 Studies of rumen microbial protein synthesis using <sup>32</sup>P incorporation in a model in vitro system 43, 34A, 1984  
 The role of insulin and corticosterone in the increase in muscle protein synthesis in refed fasted rats 43, 4A, 1984

**Protein turnover**

- Liver perfusion: an in vitro technique for the study of intracellular protein turnover and its regulation in vivo 43, 161-177, 1984  
 Modification of thyroid hormone-induced adaptation of muscle protein turnover in malnutrition by glucocorticoid treatment 43, 13A, 1984  
 Muscle protein turnover in the severely zinc-deficient rat 43, 77A, 1984

**Rainbow trout (*Salmo gairdneri*)**

- Activities of glutathione peroxidase (*EC* 1.11.1.9), glutathione transferase (*EC* 2.5.1.18) and pyruvate kinase (*EC* 2.7.1.40) in tissues of rainbow trout (*Salmo gairdneri*) deprived of selenium and vitamin E 43, 94A, 1984  
 Tryptophan requirement of rainbow trout (*Salmo gairdneri*) 43, 10A, 1984

**Re-entrant fistulation**

- The effect of re-entrant fistulation of the ileum on the heat loss of adult sheep 43, 134A, 1984

**Retinoid toxicity**

- Skeletal damage as an early sign of retinoid toxicity in the rat 43, 3A, 1984

**Rickets**

- Rickets and osteomalacia 43, 249-256, 1984

**Rumen fermentation**

- Fermentation of poultry excreta, urea and casein with pure carbohydrate sources in an artificial rumen 43, 23A, 1984  
 The effect of Avoparcin on rumen fermentation in vitro 43, 21A, 1984

**Rumen metabolism**

- Effect of three different rumen environments on the rate and extent of the rumen degradability of untreated straw, ammonia-treated straw and hay 43, 11A, 1984

**Rumen microbial synthesis**

- Mineral elements affecting rumen microbial synthesis in an in vitro system 43, 95A, 1984

**Rumen micro-organisms**

- Studies of rumen microbial protein synthesis using <sup>32</sup>P incorporation in a model in vitro system 43, 34A, 1984

- The use of the rumen simulation technique (Rusitec) to investigate factors limiting the rate of digestion of plant cell walls by a mixed population of rumen micro-organisms 43, 33A, 1984
- Rumen simulation technique**  
The use of the rumen simulation technique (Rusitec) to investigate factors limiting the rate of digestion of plant cell walls by a mixed population of rumen micro-organisms 43, 33A, 1984
- Ruminating calf**  
Sites of absorption of magnesium and phosphate in the stomach of the ruminating calf 43, 9A, 1984  
True and apparent absorption of phosphate between reticulum and duodenum of the ruminating calf 43, 8A, 1984
- Rusitec**  
The use of the rumen simulation technique (Rusitec) to investigate factors limiting the rate of digestion of plant cell walls by a mixed population of rumen micro-organisms 43, 33A, 1984
- Salt intake**  
Effects of taste sensitivity and preference on salt intake 43, 87A, 1984  
Epidemiological assessment of sodium sources in the diet by the use of the lithium-marker technique 43, 153A, 1984  
Estimating dietary sources of sodium with lithium-tagged salt 43, 154A, 1984
- School meals**  
The nutritive value of school and hospital meals 43, 155A, 1984
- Selenium**  
Activities of glutathione peroxidase (*EC* 1.11.1.9), glutathione transferase (*EC* 2.5.1.18) and pyruvate kinase (*EC* 2.7.1.40) in tissues of rainbow trout (*Salmo gairdneri*) deprived of selenium and vitamin E 43, 94A, 1984  
Effects of supplementation with high-selenium wheat bread on glutathione peroxidase and related enzymes in women 43, 17A, 1984  
Growth responses to copper and selenium in lambs of different breeds on improved hill pastures 43, 103A, 1984  
Vitamin E and selenium status in Crohns disease 43, 125A, 1984
- Sheep breeds**  
An association between lamb mortality and copper status in different breeds of sheep 43, 102A, 1984  
Growth responses to copper and selenium in lambs of different breeds on improved hill pastures 43, 103A, 1984
- Sickle cell disease**  
Absorption of sugars in sickle cell disease 43, 124A, 1984
- Silage-based diet**  
Changes in lipid composition of grass during ensiling with or without added fat or oil 43, 51A, 1984
- Single cell protein**  
Production of single cell protein on potato-processing-waste media 43, 93A, 1984  
The composition and nutritive value of *Chlorella vulgaris* grown in laboratory scale and pilot plant culture 43, 92A, 1984
- Skeletal damage**  
Skeletal damage as an early sign of retinoid toxicity in the rat 43, 3A, 1984
- Sodium**  
Epidemiological assessment of sodium sources in the diet by the use of the lithium-marker technique 43, 153A, 1984  
Estimating dietary sources of sodium with lithium-tagged salt 43, 154A, 1984
- Soya-bean antigen**  
Histologic and metabolic responses to soya-bean antigens in the gut of the preruminant calf 43, 114A, 1984  
Mucosal morphology in the alimentary tract of calves given heated soya-bean flour 43, 113A, 1984
- Soya-bean protein**  
Effect of soya-bean protein on chicken meat iron absorption 43, 131A, 1984  
Soya-bean antigen survival in the digestive tract of the preruminant calf 43, 115A, 1984
- Stable isotopes**  
The use of stable isotope tracers as metabolic probes of whole-body and limb metabolism 43, 189-196, 1984
- Starvation**  
Fatty acid metabolism of the perfused caudate lobe from fed and starved non-pregnant and pregnant sheep 43, 38A, 1984  
Plasma fibronectin changes during acute nutritional deprivation in healthy human subjects 43, 43A, 1984
- Steroid excretion**  
The effect of diet on bile acid and neutral steroid excretion in relation to the risk of colon cancer 43, 126A, 1984
- Stool buffer capacity**  
The influence of diet on stool buffer capacity 43, 130A, 1984
- Sucrose**  
Acceptability of sucrose in the diabetic diet 43, 152A, 1984
- Sugars absorption**  
Absorption of sugars in sickle cell disease 43, 124A, 1984
- Superoxide dismutase (*EC* 1.15.1.1)**  
Factors influencing Cu:Zn superoxide dismutase (*EC* 1.15.1.1) activity in ovine blood and its use in the diagnosis of hypocuprosis 43, 100A, 1984
- Surgery**  
Evaluation of protein synthesis rates after surgery in metastatic malignant disease 43, 121A, 1984  
Nitrogen turnover measurement by primed continuous [<sup>15</sup>N]glycine infusions—an evaluation in surgical patients 43, 46A, 1984  
The influence of gastrointestinal surgery on the metabolic status of adult sheep 43, 20A, 1984

**Testicular development**

- The effect of  $n_6$  and  $n_3$  polyunsaturated fatty acids on testicular development in the rat 43, 50A, 1984

**Thermogenesis**

- A comparative study on the influence of high-fat diets on thermogenesis in brown adipose tissue of cold-acclimated rodents 43, 146A, 1984  
 Carbohydrate-induced thermogenesis in man 43, 149A, 1984  
 Energy balance and thermogenesis in young male and female rats given a cafeteria diet 43, 147A, 1984  
 The effect of corticosterone treatment on heat production in the growing rat 43, 75A, 1984  
 Thermic effects of methyl cellulose 43, 70A, 1984  
 Unimpaired capacity for thermogenesis in genetically obese (*ob/ob*) and hypothalamically obese (MSG) mice 43, 73A, 1984

**Thermogenic drugs**

- Antidepressants as thermogenic drugs for the treatment of obesity 43, 30A, 1984

**Tissue culture**

- Regulation of pyruvate kinase activity and glucose utilization by insulin in sheep adipose tissue maintained in tissue culture 43, 36A, 1984

**Trenbolone acetate**

- Effects of anabolic agents (trenbolone acetate + oestradiol-17 $\beta$ ) on the excretion of 3-methylhistidine by beef steers 43, 5A, 1984  
 Response of the female rat to trenbolone acetate and oestradiol-17 $\beta$  given alone or combined 43, 42A, 1984  
 Response of young rapidly growing lambs to trenbolone acetate combined with oestradiol-17 $\beta$  43, 41A, 1984

**Triglycerides**

- The triglyceride composition of bovine milk fat and the diet of the cow 43, 105A, 1984

**3,5,3'-Triiodothyronine**

- Differential changes in free and 3,5,3'-triiodothyronine in cold-exposed rats 43, 74A, 1984  
 43, 74A, 1984  
 Tryptophan and related variables in Part III accommodation residents 43, 140A, 1984  
 Tryptophan requirement of rainbow trout (*Salmo gairdneri*) 43, 10A, 1984

**Undernutrition**

- Effects of energy restriction on baboons given low-protein diets 43, 55A, 1984

**Unemployment**

- Current social factors and the growth of pre-school children 43, 79A, 1984

**Urea**

- Source of peripheral blood ammonia in ruminants and its relationship to clinical ammonia poisoning 43, 64A, 1984

**Uterus**

- The influence of dietary pectin on the uterus in mice and rats 43, 142A, 1984

**Villous atrophy**

- Histologic and metabolic responses to soya-bean antigens in the gut of the preruminant calf 43, 114A, 1984

**Vitamin C**

- Handling of vitamin C by elderly patients 43, 78A, 1984

**Vitamin D**

- Rickets and osteomalacia 43, 249-256, 1984

**Vitamin E**

- Vitamin E and selenium status in Crohns disease 43, 125A, 1984

- Activities of glutathione peroxidase (EC 1.11.1.9), glutathione transferase (EC 2.5.1.18) and pyruvate kinase (EC 2.7.1.40) in tissues of rainbow trout (*Salmo gairdneri*) deprived of selenium and vitamin E 43, 94A, 1984

**Vitamin status**

- Vitamin status of elderly residents in Part III accommodation 43, 139A, 1984

**Volatile fatty acids**

- Effect of the interaction between two bacterial species on volatile fatty acid production in the chicken caecum 43, 14A, 1984  
 In vivo incorporation of  $^{14}\text{C}$  into plasma fractions of pigs after injection of [ $\text{U-}^{14}\text{C}$ ]sodium acetate into the caecum 43, 22A, 1984  
 Tissue incorporation and excretion of  $^{14}\text{C}$  in pigs after injection of [ $\text{U-}^{14}\text{C}$ ]sodium acetate into the caecum 43, 12A, 1984

**Zinc**

- A role for zinc in essential fatty acid metabolism 43, 54A, 1984

- Factors affecting plasma zinc and copper in pregnancy 43, 45A, 1984

**Zinc deficiency**

- Fractional rates of protein synthesis in zinc-depleted rats 43, 53A, 1984  
 Muscle protein turnover in the severely zinc-deficient rat 43, 77A, 1984  
 Plasma metallothionein-I assays in the diagnosis of zinc deficiency in rats 43, 101A, 1984  
 Zinc homeostasis in the severely Zn-deficient rat 43, 76A, 1984

**Zinc homeostasis**

- Zinc homeostasis in the severely Zn-deficient rat 43, 76A, 1984
