

**The Proceedings of the Nutrition Society**, published by Cambridge University Press, in part record meetings of the Symposium type, at which experts in a particular field are invited by Council to make contributions on specific parts of it and at which general discussion follows these invited contributions. The meetings also include sessions at which papers are communicated by members and others on original work. It is proposed at present to publish summaries of the papers read at each meeting, each communication being recorded in the Society's *Proceedings* by means of an abstract not exceeding in length 400 words or the equivalent space in print. The *Proceedings* are published three times a year.

The subscription (excluding VAT) to the *Proceedings* is £117.00 net (US \$229.00 in USA, Canada and Mexico). Single issues are £41.00 (US \$79.00 in the USA, Canada and Mexico) each; postage extra.

**Copying.** This journal is registered with the Copyright Clearance Center, 27 Congress Street, Salem, Mass. 01970. Organizations in the USA who are also registered with C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of the US copyright law) subject to payment to C.C.C. of the per-copy fee of \$5.00. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0007-1145/94 \$5.00 + .00. Organizations authorized by the Copyright Licensing Agency may also copy material subject to the usual conditions.

*ISI Tear Sheet Service*, 3501 Market Street, Philadelphia, Pennsylvania 19104, USA, is authorized to supply single copies of separate articles for private use only.

For all other use, permission should be sought from Cambridge or the American Branch of Cambridge University Press.

CONTENTS

**Editorial**

Australian Dreamtime. *D. A. T. Southgate* 1-2

**Protein synthesis**

Protein synthesis in splanchnic tissues of sheep offered two levels of intake. *G. E. Lobley, Alexmary Connell, E. Milne, April M. Newman & T. A. Ewing* 3-12

**Protein reserves and lactation in sheep**

Maternal protein reserves and their influence on lactational performance in rats. *A. P. Pine, N. S. Jessop & J. D. Oldham* 13-27

**Amino acid digestion in the pig and adult human**

Comparison of the ileal and faecal digestibility of dietary amino acids in adult humans and evaluation of the pig as a model animal for digestion studies in man. *Angela M. Rowan, P. J. Moughan, M. N. Wilson, K. Maher & C. Tasmis-Jones* 29-42

The influence of different amounts of *n*-3 polyunsaturated fatty acids on bleeding time and *in vivo* vascular reactivity. *Gwenda Mark & T. A. B. Sanders* 43-52

**Interactions between vitamins and lipid metabolism**

Consumption of thermally-oxidized sunflower oil by chicks reduces  $\alpha$ -tocopherol status and increases susceptibility of tissues to lipid oxidation. *P. J. A. Sheehy, P. A. Morrissey & A. Flynn* 53-65

Cobalt-vitamin B<sub>12</sub> deficiency causes accumulation of odd-numbered, branched-chain fatty acids in the tissues of sheep. *D. G. Kennedy, S. Kennedy, W. J. Blanchflower, J. M. Scott, D. G. Weir, A. M. Molloy & P. B. Young* 67-76

**Calcium intake and bone density**

Dietary calcium intake relates to bone mineral density in premenopausal women. *S. J. Ramsdale, E. J. Bassey & D. W. Pye* 77-84

**Effects of fortification on other minerals**

Sodium iron EDTA as a food fortificant: influence on zinc, calcium and copper metabolism in the rat. *Richard F. Hurrell, Sandra Ribas & Lena Davidsson* 85-93

**Zinc bioavailability**

Assessment of zinc bioavailability: studies in rats on zinc absorption from wheat using radio- and stable isotopes. *Thomas E. Fox, Susan J. Fairweather-Tait, John Eagles & S. Gabrielle Wharf* 95-101

**Interactions between tin and minerals**

Iron, copper and zinc status in rats fed on diets containing various concentrations of tin. *H. L. M. Pekelharing, A. G. Lemmens & A. C. Beynen* 103-109

**Dietary patterns of adolescents**

Dietary patterns among adolescents in the West of Scotland. *Annie S. Anderson, Sally Macintyre & Patrick West* 111-122
