

# The Journal of Infectious Diseases

Official publication of the Infectious Diseases Society of America

For more than a century, *The Journal of Infectious Diseases (JID)* has been the premier publication in the Western Hemisphere for original research on:

- Pathogenesis, diagnosis, and treatment of infectious diseases
- Microbes that cause infectious diseases
- Disorders of host immune mechanisms

Major articles in *JID* include research results from microbiology, immunology, epidemiology, and related disciplines. Published twice a month, the Journal communicates rapidly changing research efforts and findings.

## *JID* Online

Read a sample issue, sign up for RSS feeds, register for e-mail tables of contents alerts, and use *UpToDate*, the free "topic link" information service — all online at [www.journals.uchicago.edu/JID](http://www.journals.uchicago.edu/JID).

# ChloroPrep®

2% chlorhexidine gluconate (CHG) w/v  
and 70% isopropyl alcohol (IPA) v/v

## A Rapid-Acting, Persistent and Superior Patient Preoperative Skin Preparation

**3mL**  
Central Line  
Insertion and  
Site Care  
Procedures

- SHOWN  
IN **NEW**  
**HI-LITE ORANGE™**
- ALSO AVAILABLE  
IN **CLEAR**

**10.5mL**  
Major and  
Minor Surgical  
Procedures

- SHOWN  
IN **NEW**  
**HI-LITE ORANGE™**
- ALSO AVAILABLE  
IN **CLEAR &  
SCRUB TEAL™**

**26mL**  
Major and  
Minor  
Surgical  
Procedures

- SHOWN  
IN **NEW**  
**HI-LITE ORANGE™**
- ALSO AVAILABLE  
IN **CLEAR &  
SCRUB TEAL™**

**Swabstick**  
Percutaneous  
Procedures

**Sepp®**  
Minor Peripheral  
Procedures

**Frepp®**  
Peripheral Arterial  
and Blood Culture  
Procedures

- Rapid activity against gram-positive and gram-negative bacteria
- Persistent antimicrobial activity – prevents regrowth of microorganisms on the skin for at least 48 hours
- Unlike povidone-iodine, chlorhexidine (CHG) remains active in the presence of blood, serum, and other protein-rich biomaterials<sup>1</sup>
- CHG has demonstrated a 50% reduction in the incidence of catheter-related bloodstream infections compared to povidone iodine<sup>1</sup>

**ChloroPrep®**

Patient Preoperative Skin Preparation  
2% CHG & 70% IPA
